# Step 1 – Add Other Elements – Part 1 – Add Map

- **Next, I will show you how to Add Map.**
- **First click on the Test page or the page you want.**

- **Drag and drop Map Element. Next is what happens.**

You then see San Francisco, because that is where Weebly is.
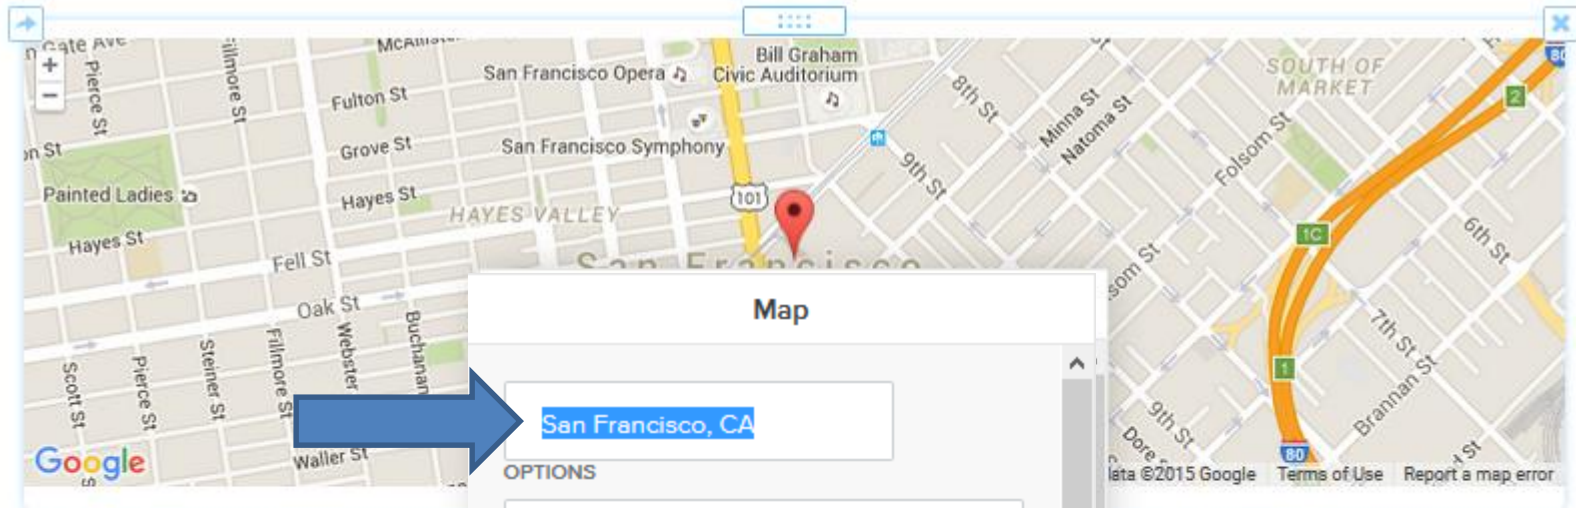

- **Click on it and next is what happens.**

You then see Map options.

- **Highlight it and then type in an address, like The Villages, FL. Next is a sample.**
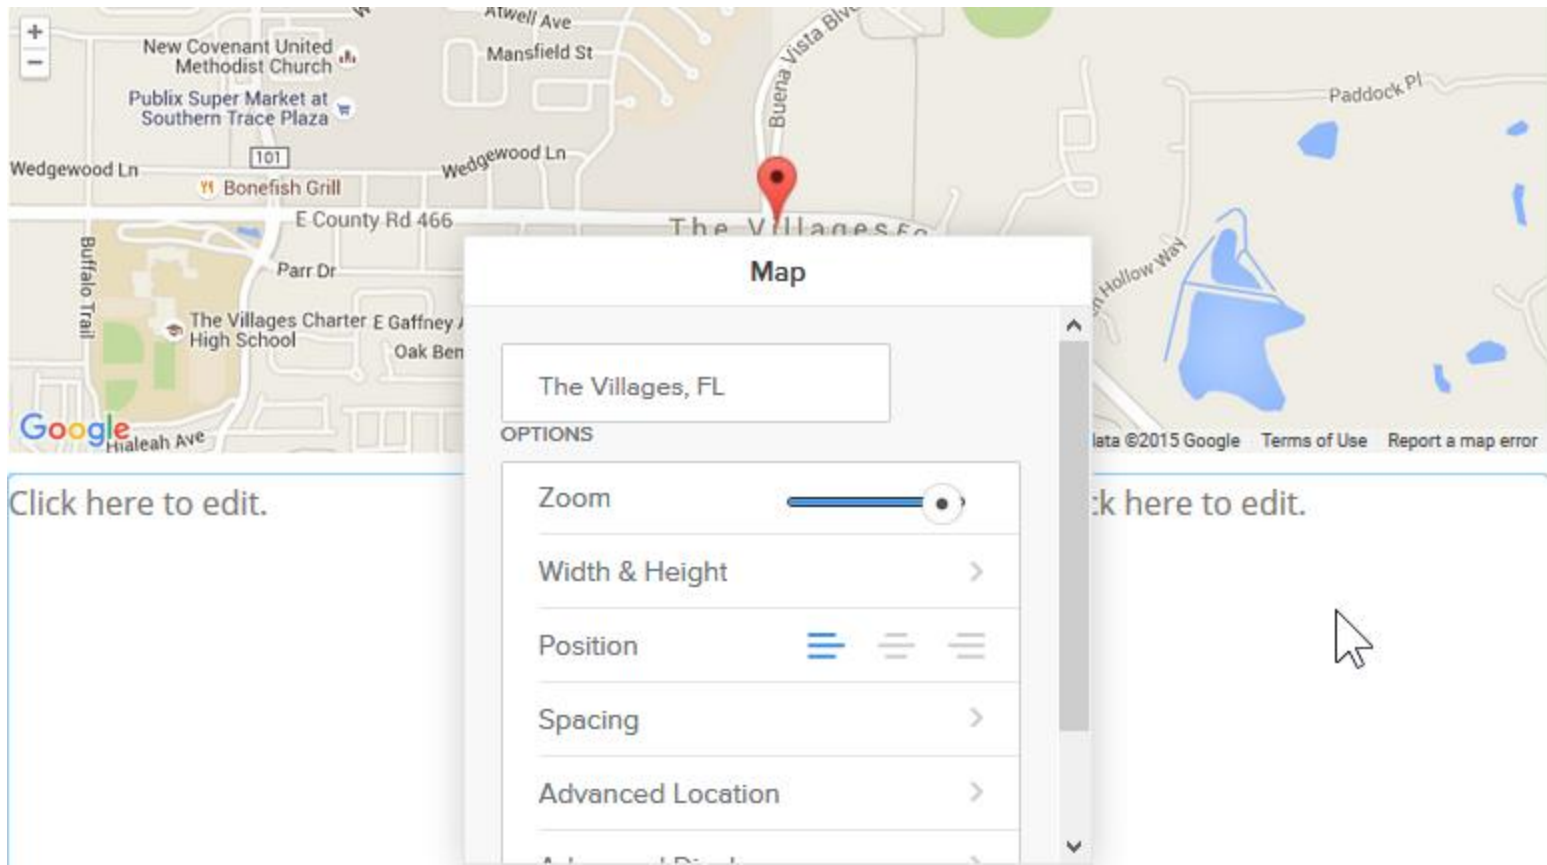

After you type it, click outside of it and you then see The Villages.

Note, you can type in a full address, like 3165 Kimberwicke Ave, The Villages, Fl. Next is a sample.

You then see the details

- **Note – You can add it into a column to change the size, like I showed in the first course.**
- **This is the End of Step 1 – Part 1.**
