## vs. Videos

- I will showing you How to send Photos vs. Videos.
- You first click on Photocards at the top and next is what happens.

The screenshot shows the 123Greetings website interface. At the top, there is a navigation bar with links for Home, Ecards, Photocards, Connect, Studio, and Mobile App. A red arrow points to the 'Photocards' link. Below the navigation bar is a banner for 'Celebrate Christmas in THE WIZARDING WORLD OF HARRY POTTER™' at Universal Orlando Resort, running from November 18 to January 6. A secondary navigation bar lists various occasion categories: Anniversary, Birthday, Congrats, Cute, Events & Holidays, Everyday, Family, Friendship, Inspirational, Love, Thank You, and More. Below this, there are specific occasion filters: Christmas, New Year, Season's Greetings, Hanukkah, November Flowers, and Winter. A search bar is also present. The main content area features a large image of a child in a Santa hat opening a gift, with a 'Click' button. To the right of this image is a vertical menu with options: Christmas, Season's Greetings, Holiday Thank You, and Happy Birthday. Further right is an advertisement for 'Free Customized eCards' from LifetimeWishes.com. Below the main content, there are sections for 'Popular Now' (listing items like Happy Birthday, Merry Christmas Wishes, etc.), 'Most Popular Cards' (showing cards for Magical Christmas, Warmest Hugs, and Merry Christmas), and '123Greetings Special' (promoting Merry Christmas Cards!). At the bottom, there is a 'Popular Upcoming Events' section for Christmas.

- Page changes and you see Upload a Photo and Send it as an Ecard. You then have to scroll down, which is next.
