

# **Step 4 – How to create other Effects**

- **You open ManyCam as I showed you in Step 1.**
- **Next is a sample of open it.**

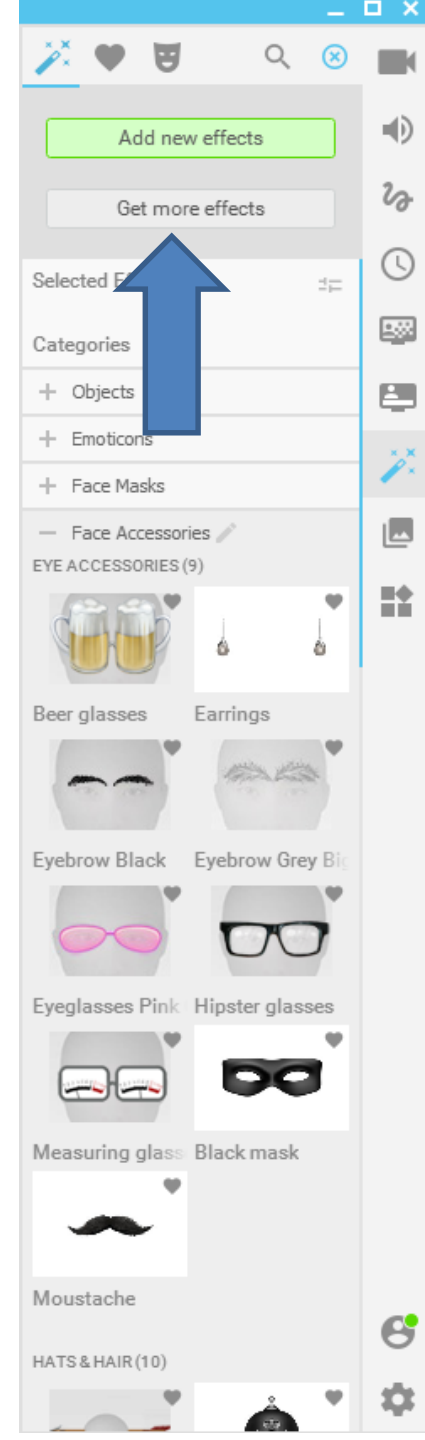

• Here is a sample. You click on  Effects Icon on the right as I showed you in Step 2. Next is what happens and how to get the website to create other Effects.

- To create other Effects, you click on  in the upper right first as I showed you in Step 3.
- Next is what happens.

- You see two things. Click on Get more effects as I showed you in Step 3.
- When you click on it, it goes to the website, if you have internet.
- Next is a sample as I showed you in Step 3.

- It opens in your default Browser and you click on **Create Effects** and next is what happens.

The screenshot shows a web browser window displaying the ManyCam website. The browser's address bar shows the URL: [https://download.manycam.com/effects/top\\_downloadable/#.WZiI9CiGOM8](https://download.manycam.com/effects/top_downloadable/#.WZiI9CiGOM8). The website header includes the ManyCam logo and navigation links: Download, Features, Blog, Help, Buy Now!, and a Log In button. The main content area has a blue background with the text "ManyCam Filters and Effects" and "Over 10,5K effects available for download." Below this, there are tabs for "Catalog", "Featured", and "Create Effects". A blue arrow points to the "Create Effects" tab. On the left side, there is a sidebar menu with categories: ALL EFFECTS, NEW FROM MANYCAM, CAMERA EFFECTS (Distortions: 15, Filters: 60), FACE ACCESSORIES (Eye Accessories: 279, Hats & Hair: 351, Masks: 1383), and FULL SCREEN EFFECTS. The main content area displays "Most Popular Effects" with a "See all" button. Four effect cards are shown: "Afro hair" (5 stars), "dancing lady" (5 stars), "Bounce" (5 stars), and "deca" (5 stars). Each card includes a preview image, a star rating, and a share icon.

- Page changes to Create Effects and then you Scroll down and next is a sample of Scrolling down.
