### Step 5 - Part 1 - How to put Music on CD and play it

- You first install the CD on your Computer.
- After that, you can put Music on the CD. To do that is copy the Music and Paste it on the CD using File Explorer on Windows 10 or Windows 8.1. On Windows 7 it is called Windows explorer.
- Next is a sample of open File Explorer on Windows 10.

 Windows 10 has File Explorer Icon on the Taskbar.
 Here is a sample of the File Explorer Icon. Then click on it and next is what happens.

 File Explorer opens and then find the Music. I decided to double click on Music to find the folder with Music as I showed you in all the Parts under Step 1. Next is what happens.

 Window closes and a new window opens and you see it is process. Next is what happens when it is complete.

Once complete the window closes and you see the Music. The reason I do that is beause I can play music on CD in my car and also I have a Kenwood CD Player that is conected to Bose Radio that I can play as I mentioned in the Why I download Music on my

#### This is the End of Step 5 - Part 1.
