

Step 6 – How to download a YouTube Video that is not on your account.

- You have to have another program on your computer to that called ClipGrab.**
- Next is how to go to ClipGrab website and download it with different Browsers.**
- You open your Browser and type in clipgrab.org and click on the Enter Key and next is what happens.**

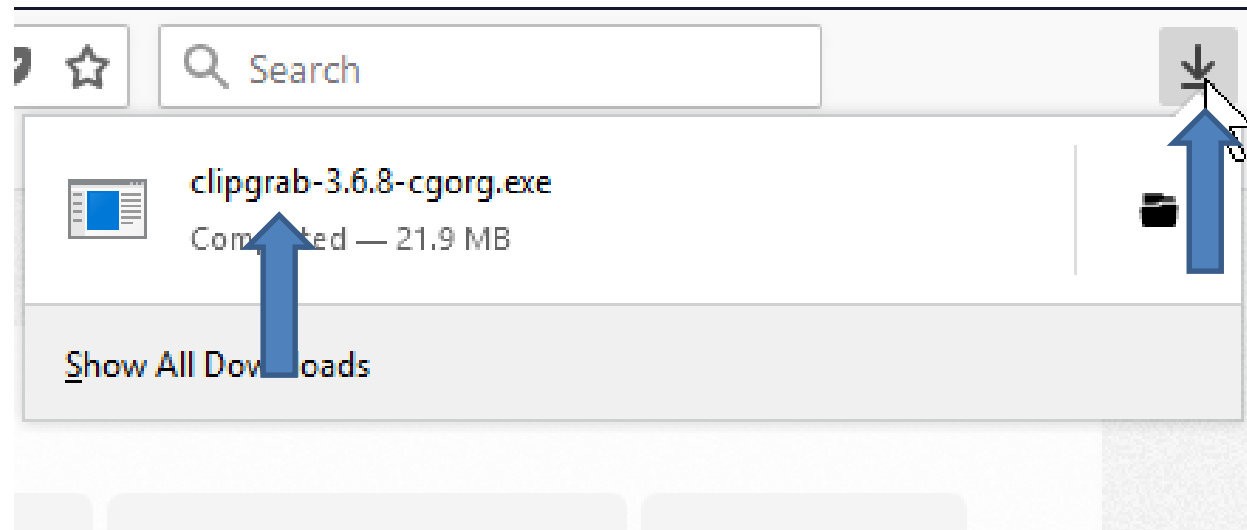

- This the ClipGrab website and then click on Free Download and next is what happens with Firefox Browser. Page 5 shows Google Chrome, Page 6 shows Opera, Page 8 shows Edge and File Explorer. Forward to the Page that has your Browser.

The screenshot shows a browser window with the address bar displaying <https://clipgrab.org>. The website header features the 'ClipGrab' logo on the left and three navigation buttons: 'Download ClipGrab', 'FAQs & Support', and 'Donate'. Below the header, the main content area includes the text 'A friendly downloader for YouTube and other sites'. Two prominent buttons are displayed: a blue 'Free Download!' button with a white download icon and the text 'ClipGrab 3.6.8 for Windows', and a pink 'Donate now!' button with a white heart icon and the text '4194 people have donated so far.'. A blue arrow points to the 'Free Download!' button. Below these buttons, there is a paragraph of text: 'ClipGrab for Windows is powered by [installCore](#). You can download a version with no third-party offers [here](#). ClipGrab is a free downloader and converter for YouTube, Vimeo, Facebook and [many other online video sites](#). It converts downloaded videos to MPEG4, MP3 or [other formats](#) in just one easy step. [Show all download options](#)'. To the right, a 'FAQs & Support' section contains links for 'Howto: Downloading videos from YouTube?', 'Howto: Saving YouTube videos on iPad/iPhone', 'Supported video sites', and 'Supported output formats'. At the bottom of the page, there are links for 'Follow ClipGrab on Twitter', 'Legal mentions', and 'vanbittern'.

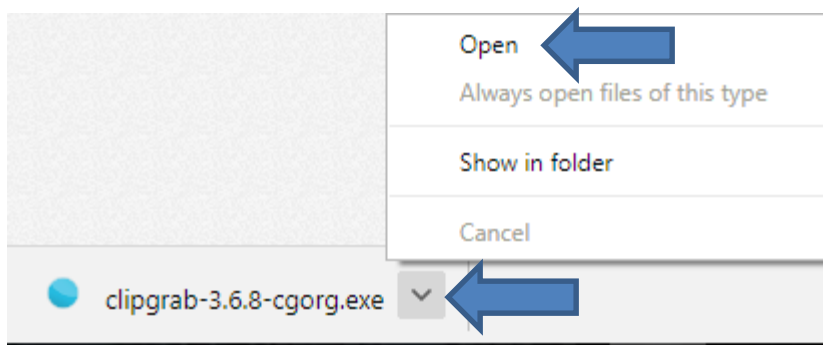

- **When you click on Free Download a new window opens in Firefox. You click on Save File and it saves it to your Downloads Folder.**
- **Next is how to open it.**

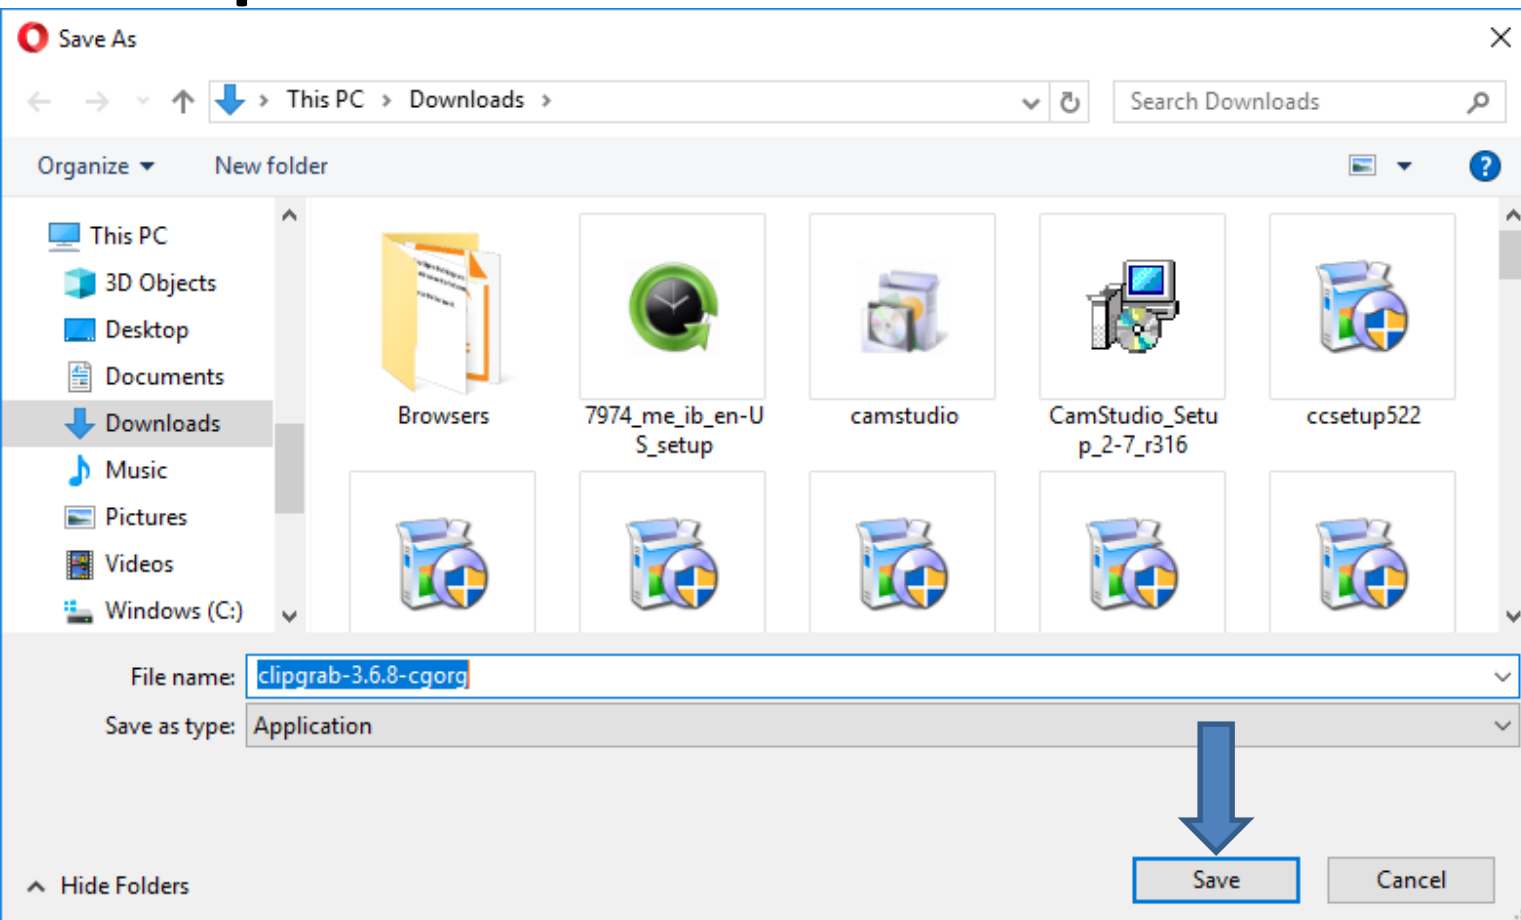

- In the upper right there is a Download Icon and when you click on it you see the clipgrab.exe and click on it and Page 9 shows you what happens. You want to forward to Page 9 in this PDF file.

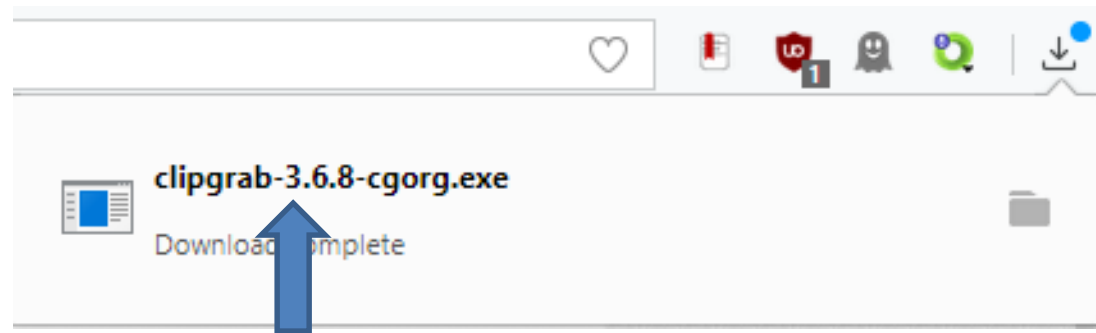

- **When you click on Free Download a new window opens in the lower left in Google Chrome. You click on the dropdown icon on the right and a new window opens with a list and your click on Open and Page 9 shows you what happens. You want to forward to Page 9 in this PDF file.**

- **When you click on Free Download a new window opens in the upper left in Opera. You can find another folder, but I recommend just click on Save and the window closes and it saves it. Next is how to open it.**

- **When you window closes and it saves it, a new window in the upper right with the download. You then click on it and Page 9 shows you what happens. You want to forward to Page 9 in this PDF file.**

- **When you click on Free Download in Edge Browser a new window on the bottom. It does not download it, unless you click on Save. I recommend you click on Run and next is what happens.**

- You will see the ClipGrab on your Desktop. You right click on it and you see a list and click on Pin to taskbar and next is a sample in Windows 10.

- Here is a sample of the Windows 10 Taskbar and you see the ClipGrab icon. If ClipGrab is not open, click on the icon to open it. Next is how to download a Video from YouTube.

- You type in what you want to find in the search, like I did as I did in Step 1 and you see a list on YouTube. I decided to scroll down, which is next.

The screenshot shows the ClipGrab website interface. At the top, the title bar reads "ClipGrab - Download and Convert Online Videos". The main header features the "ClipGrab" logo. Below the logo is a navigation menu with "Search", "Downloads", "Settings", and "About" tabs. A large blue search bar contains the text "Enter keywords in the box below in order to search videos on YouTube". Below this, a search input field contains the text "andrew bocelli porto", with a blue arrow pointing to it from the left. The search results are displayed in a grid of four video thumbnails. The first row contains two thumbnails: "Andrea Bocelli live 2012 Portofino" and "Andrea Bocelli Live in Portofino 2012". The second row contains two thumbnails: "Andrea Bocelli - Love in Portofino (2013)" with a duration of "3:47", and "Love in Portofino - Andrea Bocelli Live/2012 Full Concert". A vertical scrollbar on the right side of the results area has a blue arrow pointing to it from the right. At the bottom of the page, the footer text reads "ClipGrab 3.6.8 | www.clipgrab.org".

- Here is a sample of scrolling down and I find the same one as I showed in Step 1. You then click on one and next is what happens.

The screenshot shows the ClipGrab website interface. At the top, the title bar reads "ClipGrab - Download and Convert Online Videos". The main header features the "ClipGrab™" logo. Below the logo is a navigation menu with "Search", "Downloads", "Settings", and "About" tabs. A large blue search bar contains the text "Enter keywords in the box below in order to search videos on YouTube". Below the search bar, a search input field contains the text "andrew bocelli porto". The search results are displayed in a list format. The first result is "Andrea Bocelli - Love in Portofino (2013)" with a duration of 3:47. The second result is "Andrea Bocelli - Quizas Quizas Quizas (HD) ft. Caroline Campbell" with a duration of 3:56. The third result is "Andrea Bocelli - Champagne - Live /" with a duration of 3:03. A blue arrow points to the second result, and another blue arrow points to the scrollbar on the right side of the results list, indicating the scrolling action.

ClipGrab 3.6.8 | www.clipgrab.org

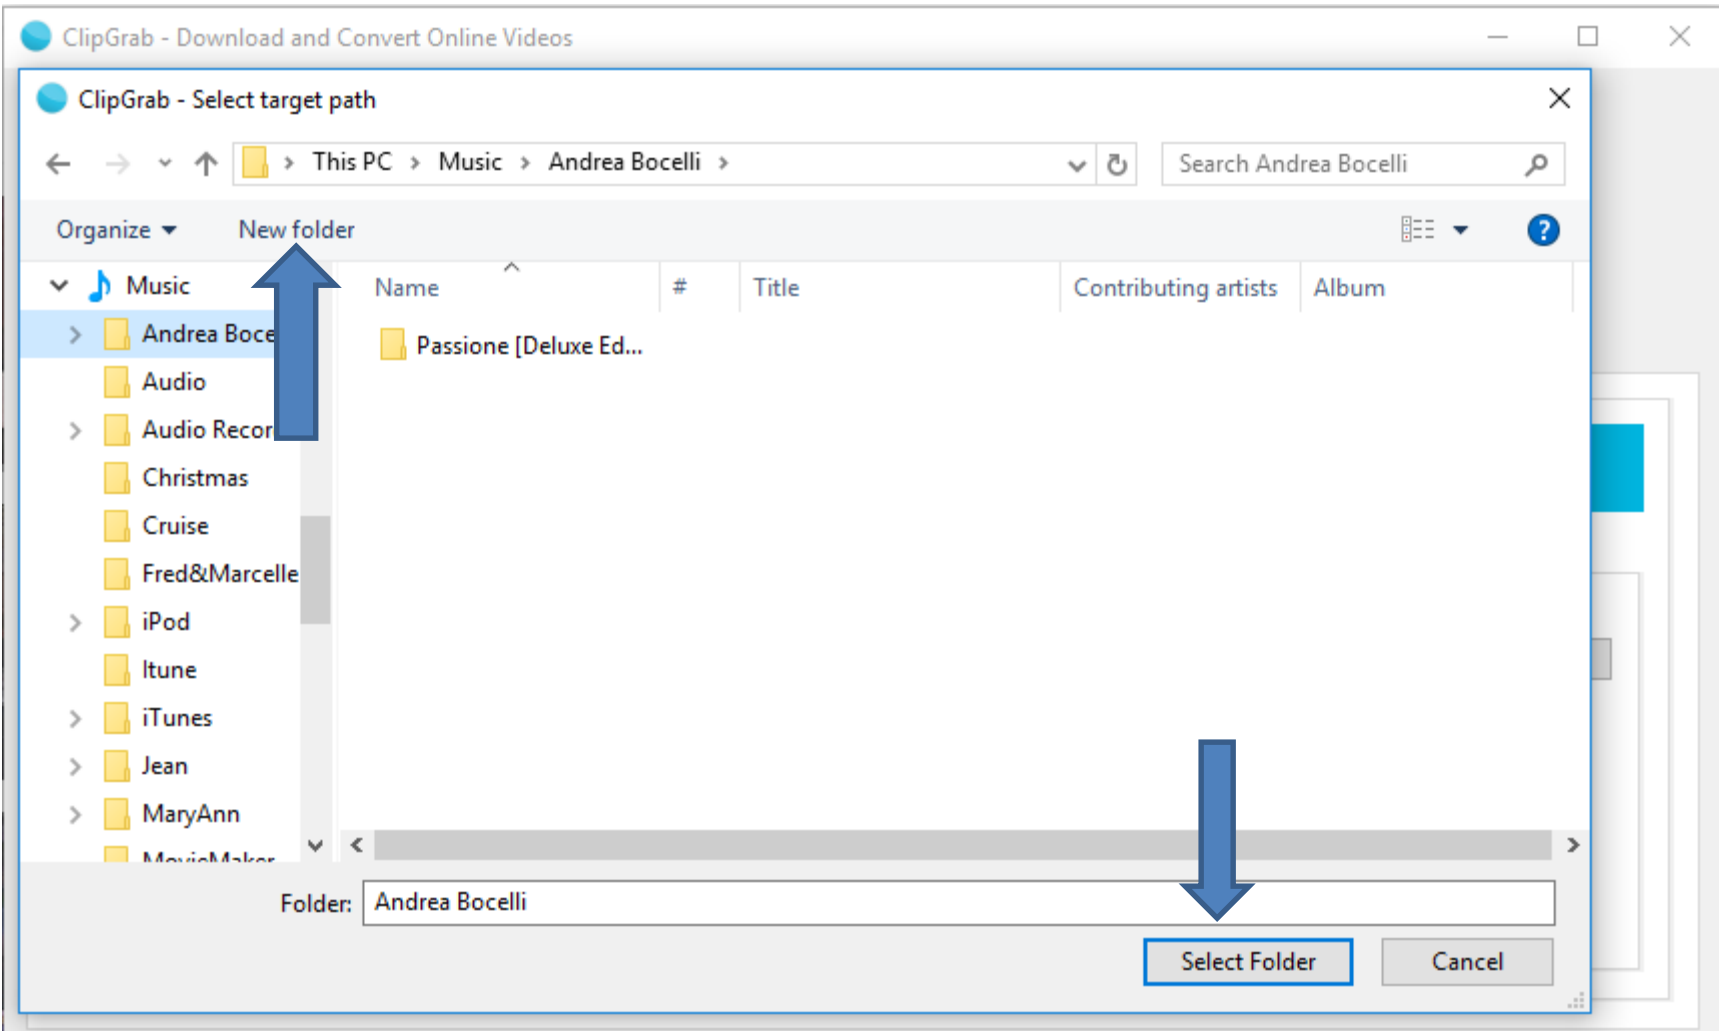

- Page changes to Settings and shows the file where the download will be. I recommend you click on **Browse** to change it, which is next

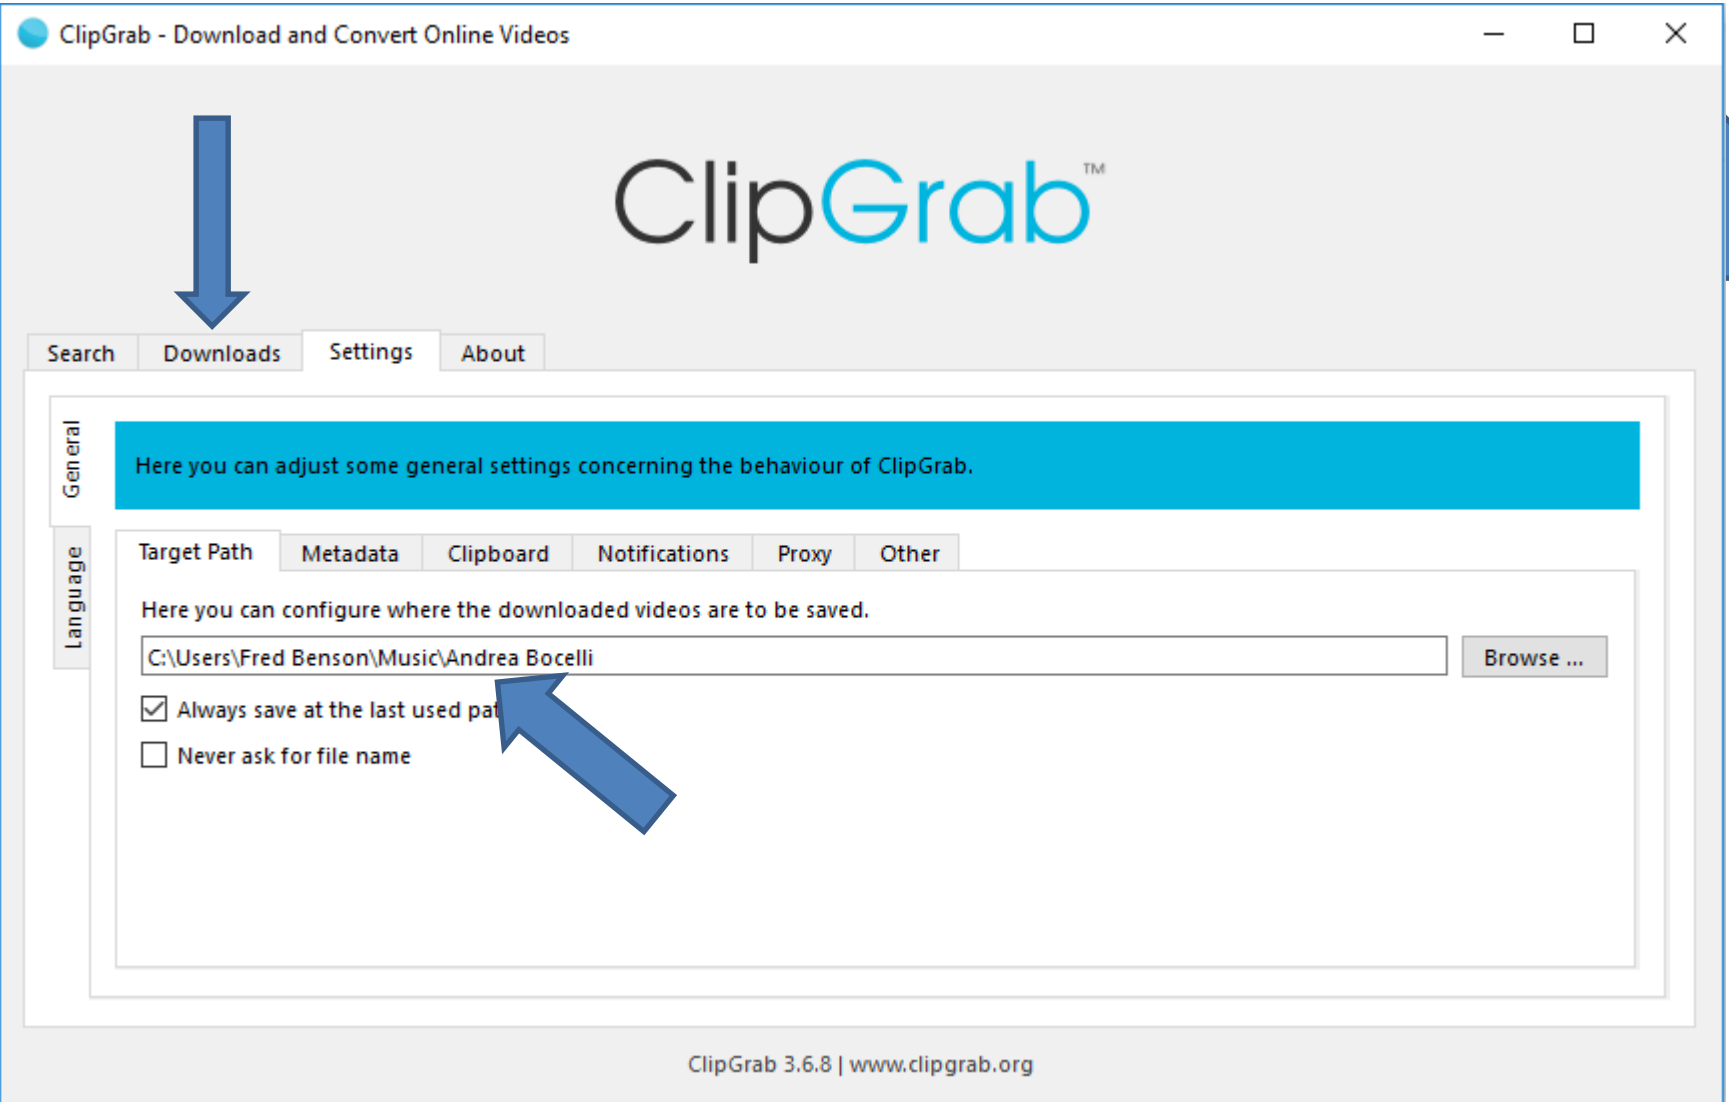

- **New window opens like File Explorer. You find the folder where you want to download the Video. Next is a sample.**

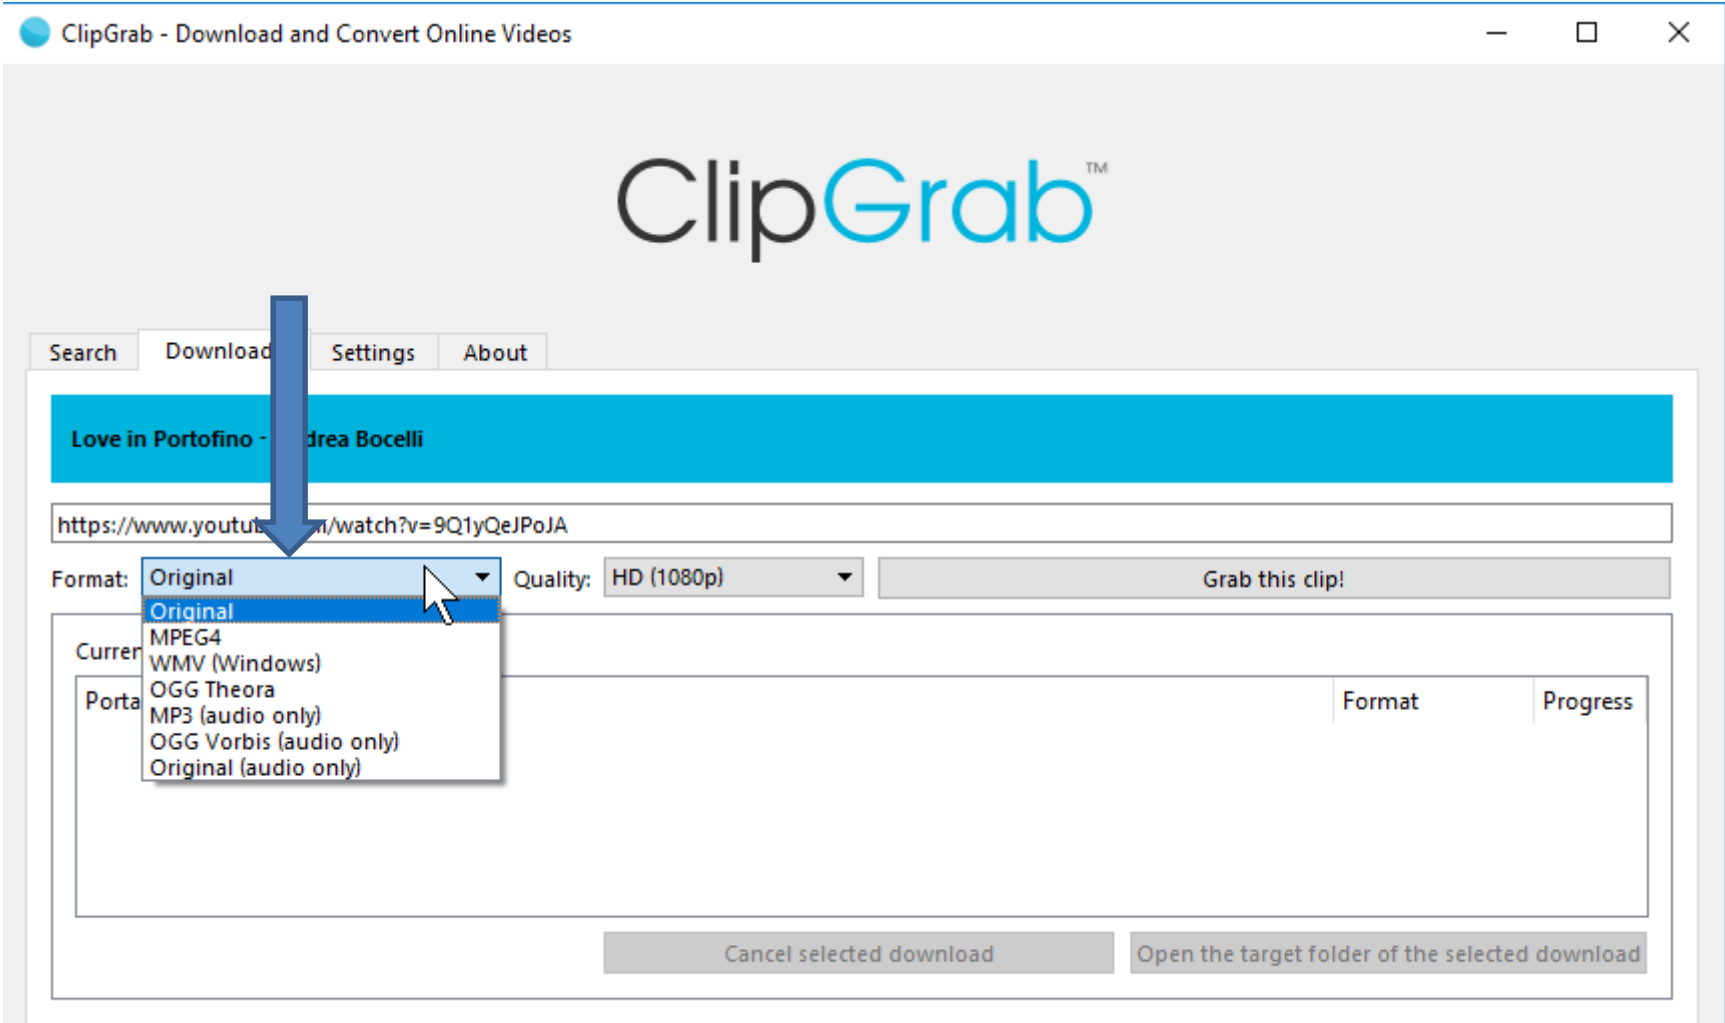

- Here is a sample of the finding a folder. You can also add a New folder if you want. Once complete, click on Select Folder and next is what happens.

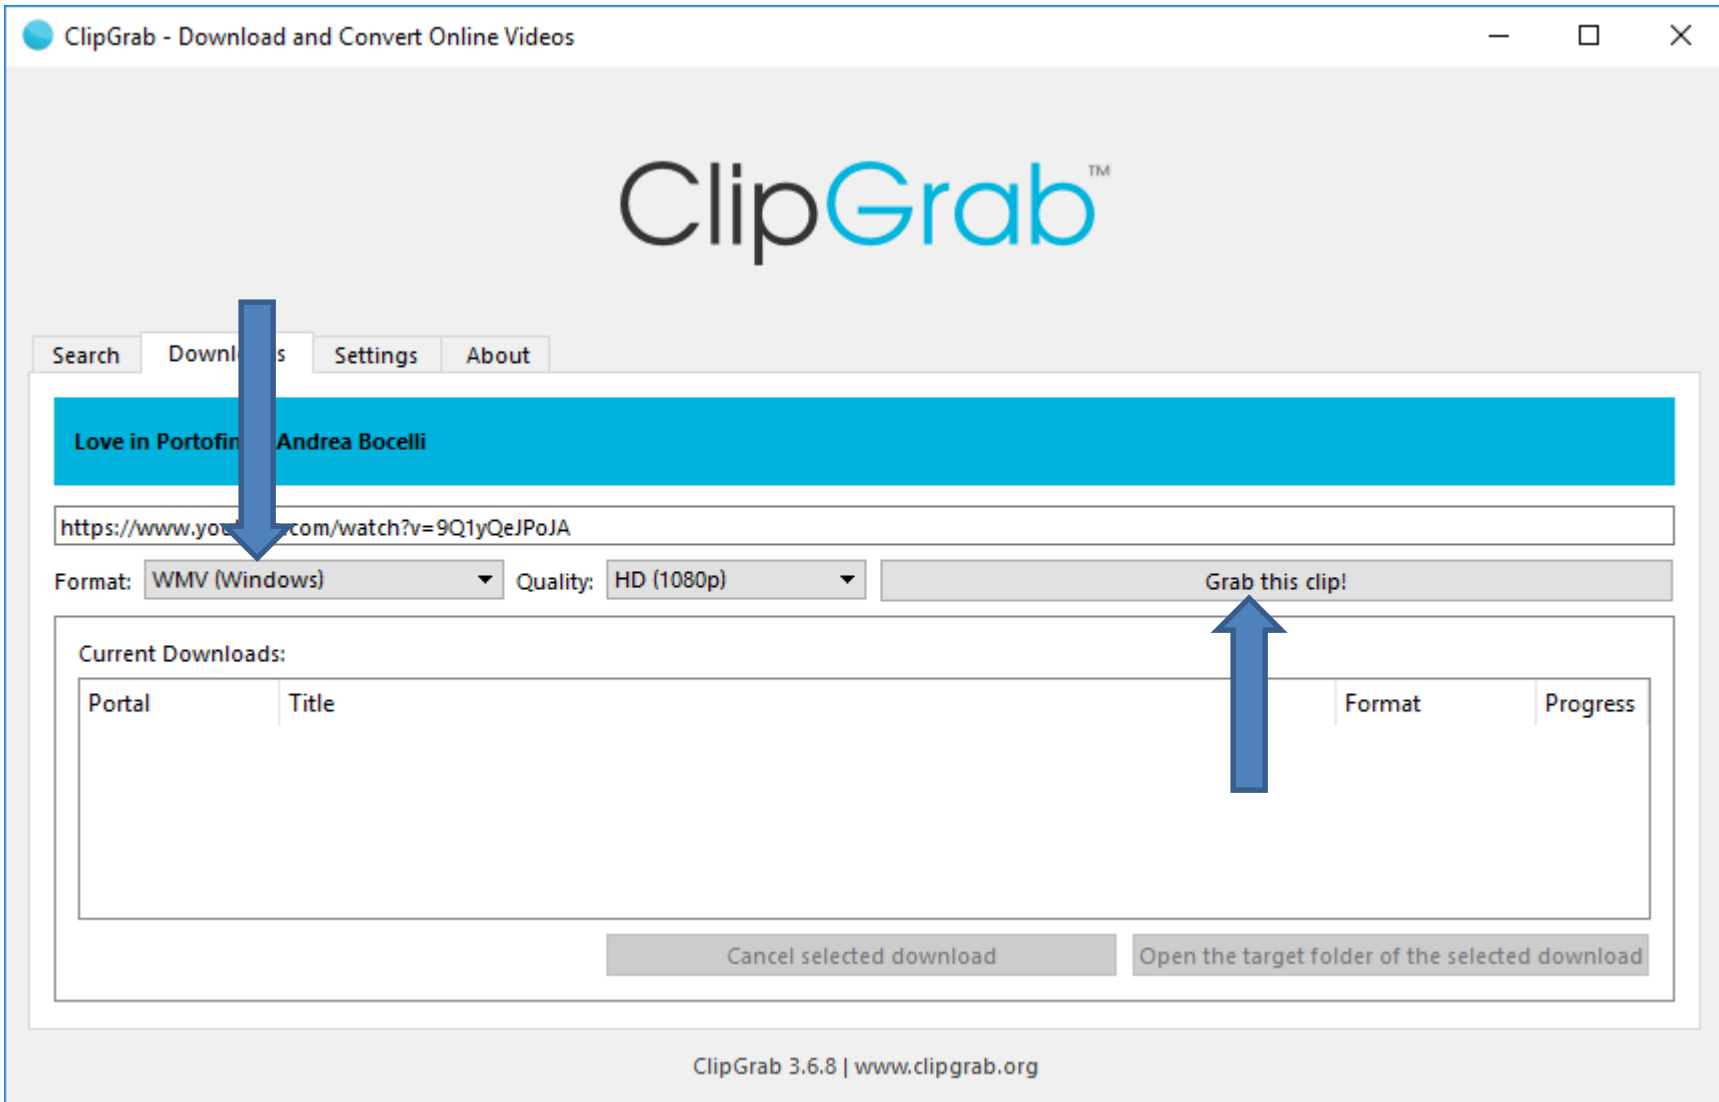

- **Window closes and you see the folder in Settings. You then click on Downloads again.**

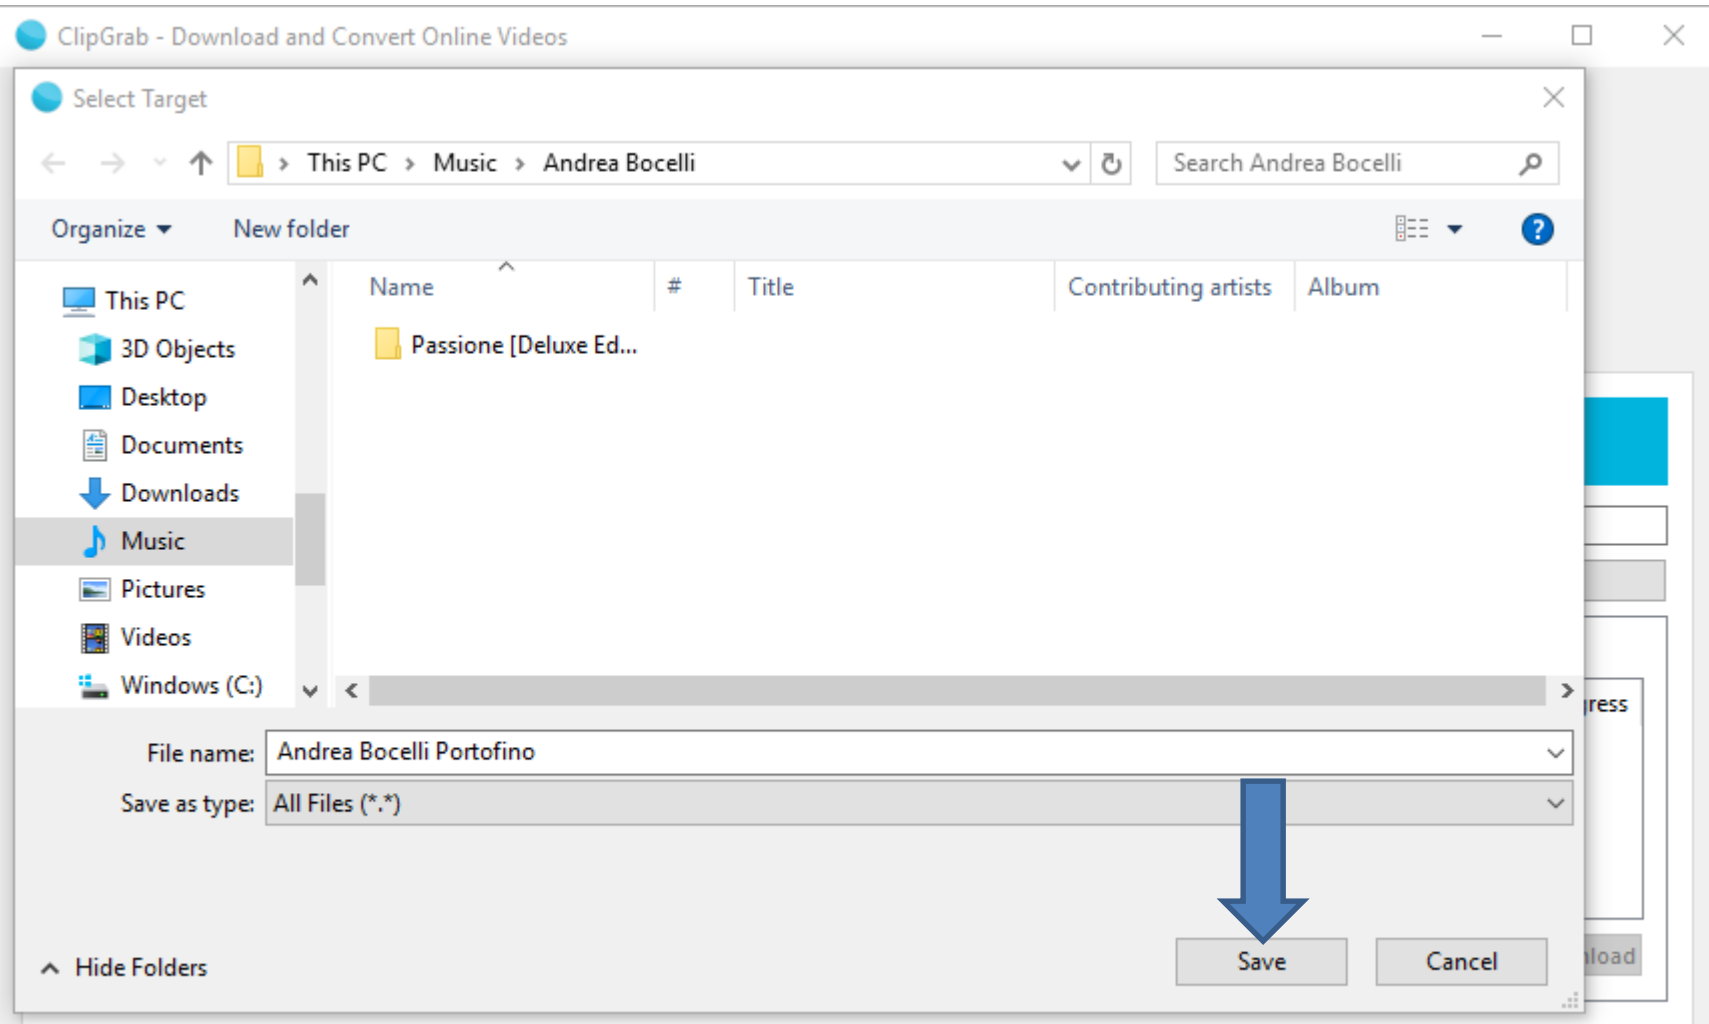

- It goes back to the Downloads page and I decided to click on Original to change the Format. I then clicked on WMV (Windows), which is next.

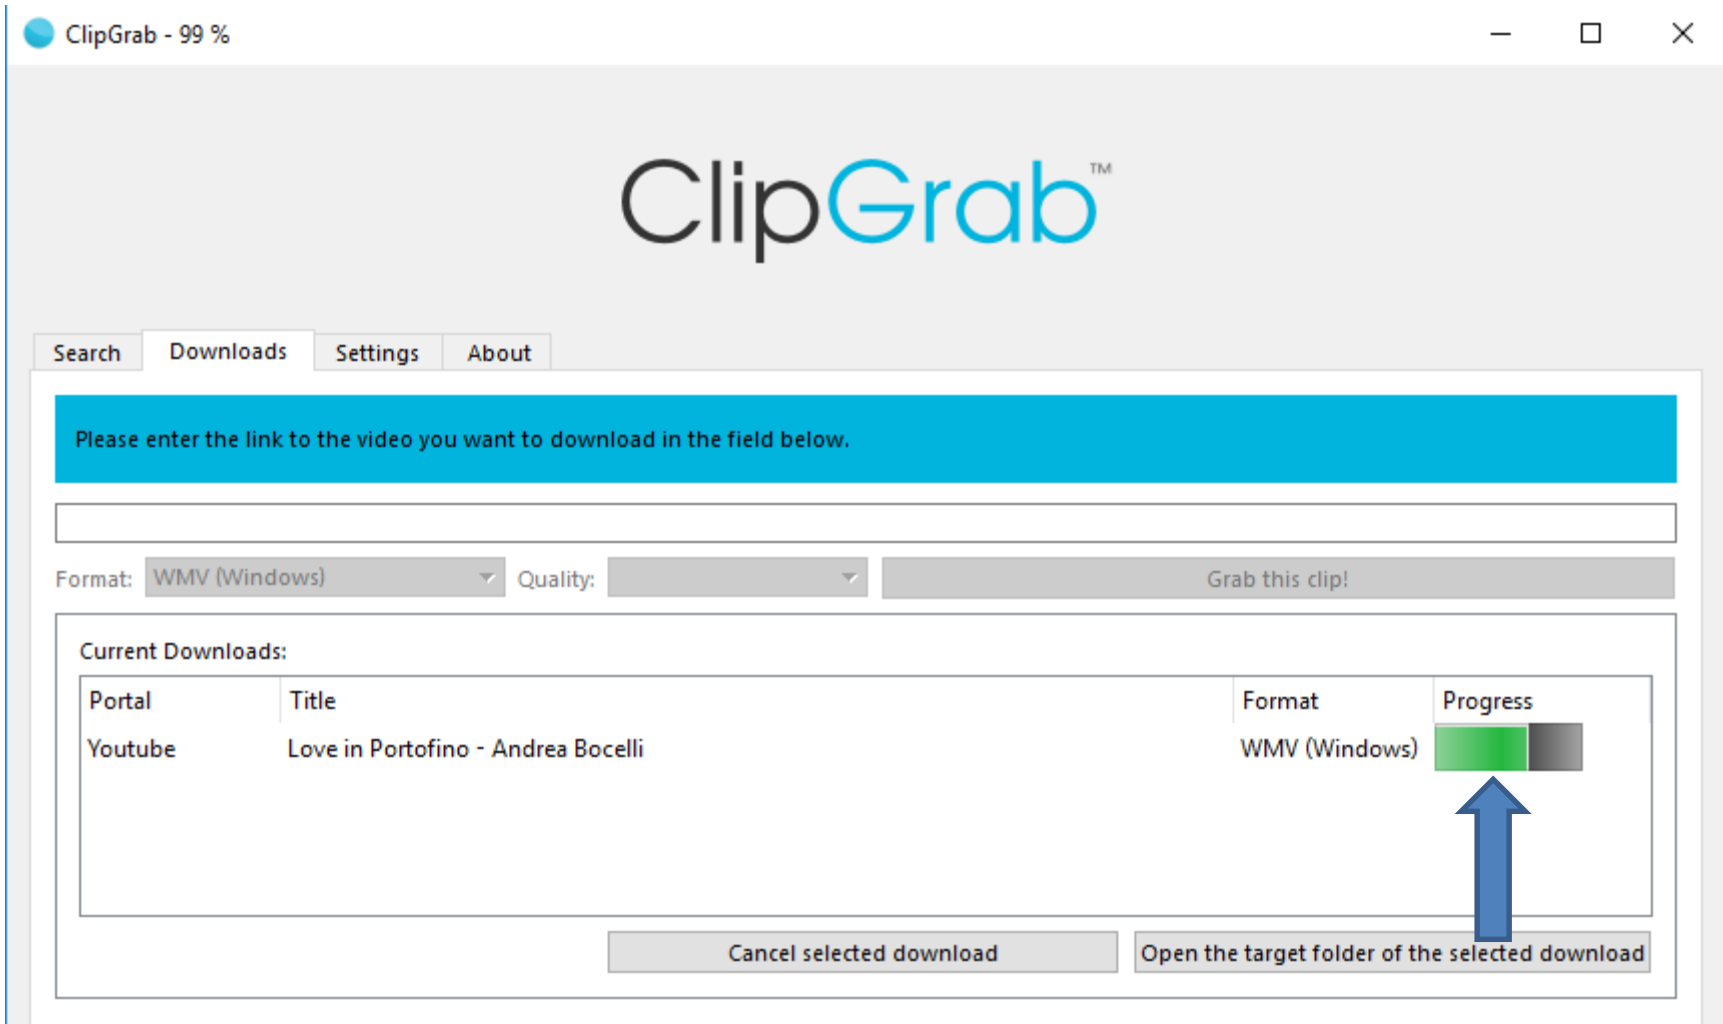

- You then see WMV (Windows). Then click on Grab the clip on the right and next is what happens.

- **New window opens again, like File Explorer and then click on Save and next is what happens.**

- **Window closes and you see it is Progress. Next is what happens when it is finished.**

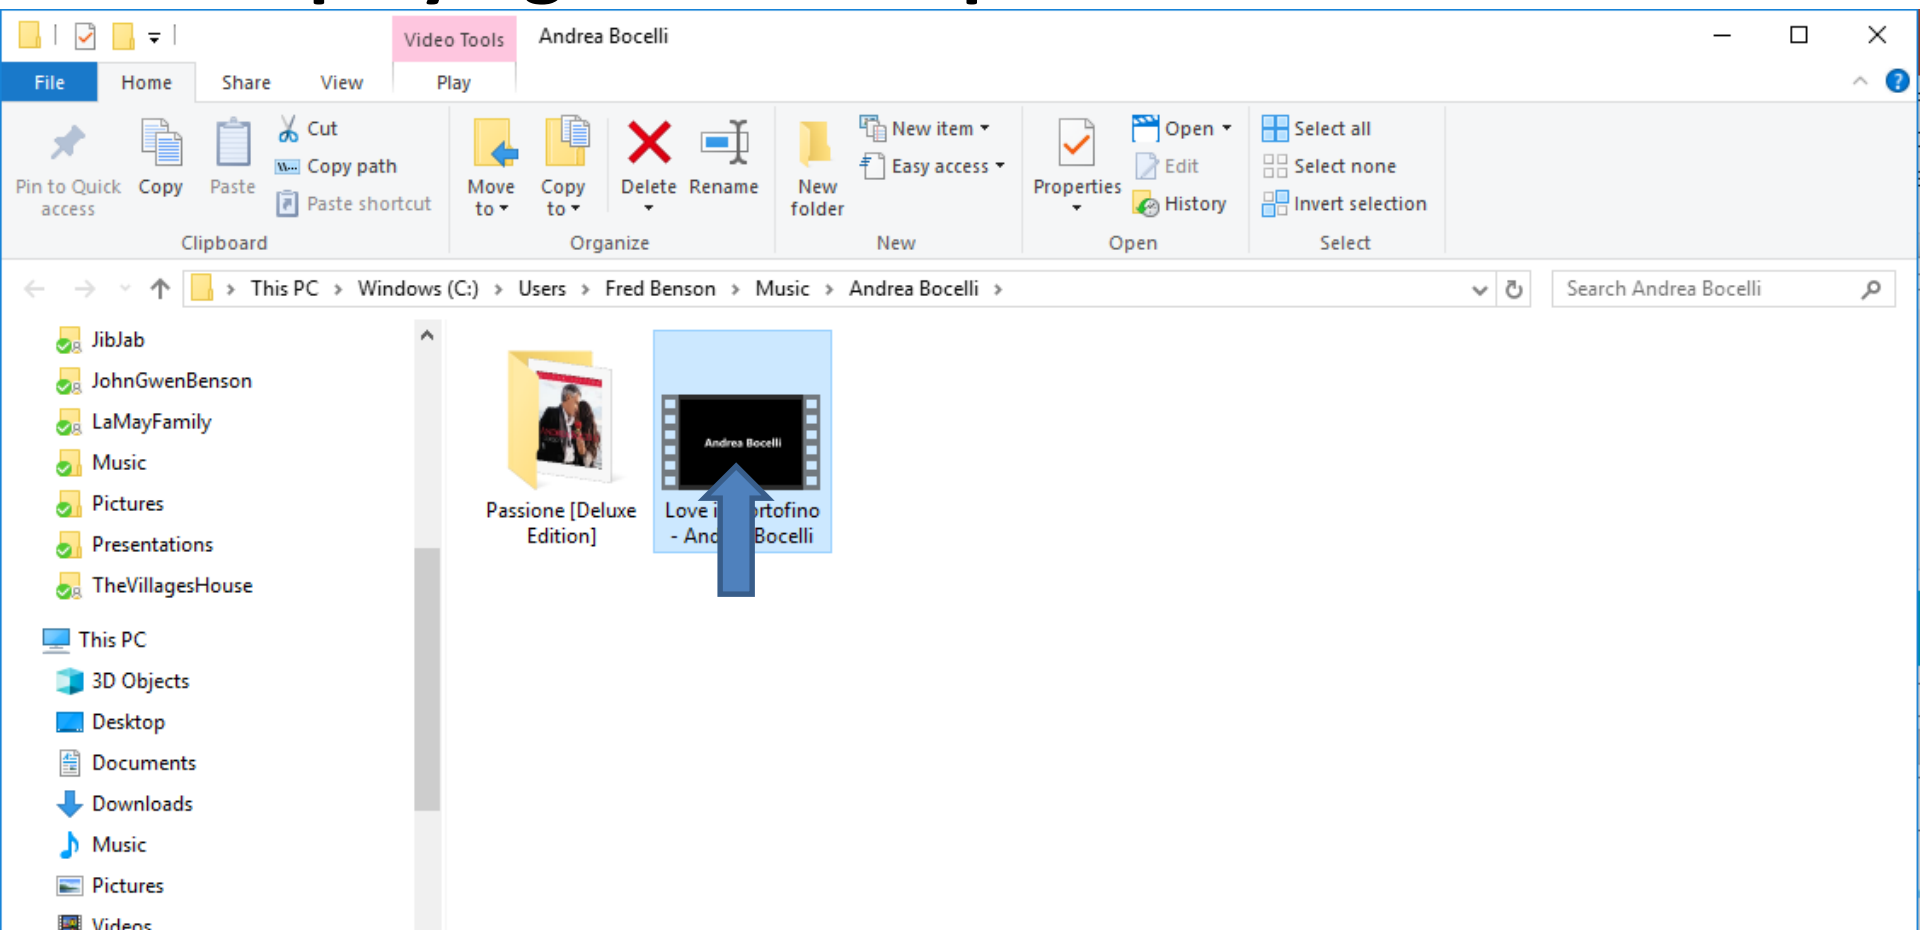

- **You see Progress Finished. You can click on Open the target folder of the selected download to see it, which is next.**

The screenshot shows the ClipGrab application window. At the top, the title bar reads "ClipGrab - Download and Convert Online Videos". The main header features the "ClipGrab" logo. Below the logo are navigation tabs for "Search", "Downloads", "Settings", and "About". A blue instruction bar says "Please enter the link to the video you want to download in the field below." Below this is an empty text input field. Further down, there are dropdown menus for "Format: WMV (Windows)" and "Quality:", followed by a "Grab this clip!" button. The "Current Downloads:" section contains a table with one entry:

Portal	Title	Format	Progress
Youtube	Love in Portofino - Andrea Bocelli	WMV (Windows)	<div style="width: 100%; height: 15px; background-color: green;"></div> Finished

Below the table are two buttons: "Cancel selected download" and "Open the target folder of the selected download". A blue arrow points from the "Open the target folder..." button up to the "Finished" progress bar in the table. At the bottom of the window, the footer text reads "ClipGrab 3.6.8 | www.clipgrab.org".

- A new window opens again, like File Explorer and you see the Video. Depending on what App you have on your computer, you can double click on it the window closes and a new window opens and starts playing it. Next explains more.

- **I decided to download it so I can convert it to Music to add on my iPod. Step 7 shows you how to convert the Video to Music.**
- **This is the End of Step 6.**
