## Step 7 – Part 4 - How to change the type of Search with Google Chrome.

- Sometimes the default Search in Google Chrome is Google, which I like. If you want another one, you can change it to another.
- Next how to view the default and make a change if you want.

- You click on the icon in the upper right, as I showed you in other Steps and then click on Settings.
- Next is what happens.

5	÷.,	87 <u>—</u> 78	đ		×
