

Step 7 – How to convert a YouTube Video to Music

- As I mentioned in the YouTube Introduction, you can convert a Video to a MP3 file using Free Video To MP3 Converter program.**
- Next I will show you how to download the Free Video To MP3 Converter program.**
- You first open your Browser and type in free-video-to-mp3-converter.en.softonic.com And click on the Enter Key and next is a sample.**

• Here is a sample of the website and then click on Free Download in the middle and next is what happens.

The screenshot shows the Softonic website for the application 'Free Video to Mp3 Converter'. The browser address bar shows the URL: <https://free-video-to-mp3-converter.en.softonic.com>. The website header includes navigation links for APPS, GAMES, ARTICLES, VIDEOS, DEALS, and SOLUTIONS, along with a search bar. A prominent green 'START DOWNLOAD' button is visible at the top. Below it, a '3 Easy Steps' section lists: 1. Click "Download", 2. Download on our website, 3. Enjoy. The application card features a 'Free Download' button with a download icon and the text 'Safe download'. A blue arrow points from the 'START DOWNLOAD' button to the 'Free Download' button. The application has 751 votes and a 'Rate it!' button. A 'Featured app' section below shows '5KPlayer'.

• Page changes to download. You click on Free Download and next is what happens.

The screenshot shows a web browser window with the URL <https://free-video-to-mp3-converter.en.softonic.com/download>. The browser's address bar shows the URL and search results for "video to mp3 free download". The page header includes the softonic.com logo and navigation links for APPS, GAMES, ARTICLES, VIDEOS, DEALS, and SOLUTIONS. A search bar is located below the header.

The main content area features a large green button labeled "CONTINUE" with an orange arrow pointing down to it. To the right of the button, there is a list of "3 Easy Steps":

1. Click 'Continue'
2. Free Access - No Sign Up!
3. Get Free access to file converters

Below the list, the text "MyQuick Converter" is visible. The page also includes a breadcrumb trail: "Windows > Multimedia > Video > Free Video to Mp3 Converter".

The main heading is "Download **Free Video to Mp3 Converter** for Windows". Below the heading, there are three checkmarks: "Compatible with your OS", "Free Download", and "In English". The version and size are listed as "Version: 5.0.78.328 | Size: 30.64 MB".

At the bottom left, there is a green button labeled "Free Download" with the text "Safe download" and a download icon. A blue arrow points to this button. To the right of the "Free Download" button is a large green button labeled "Continue".

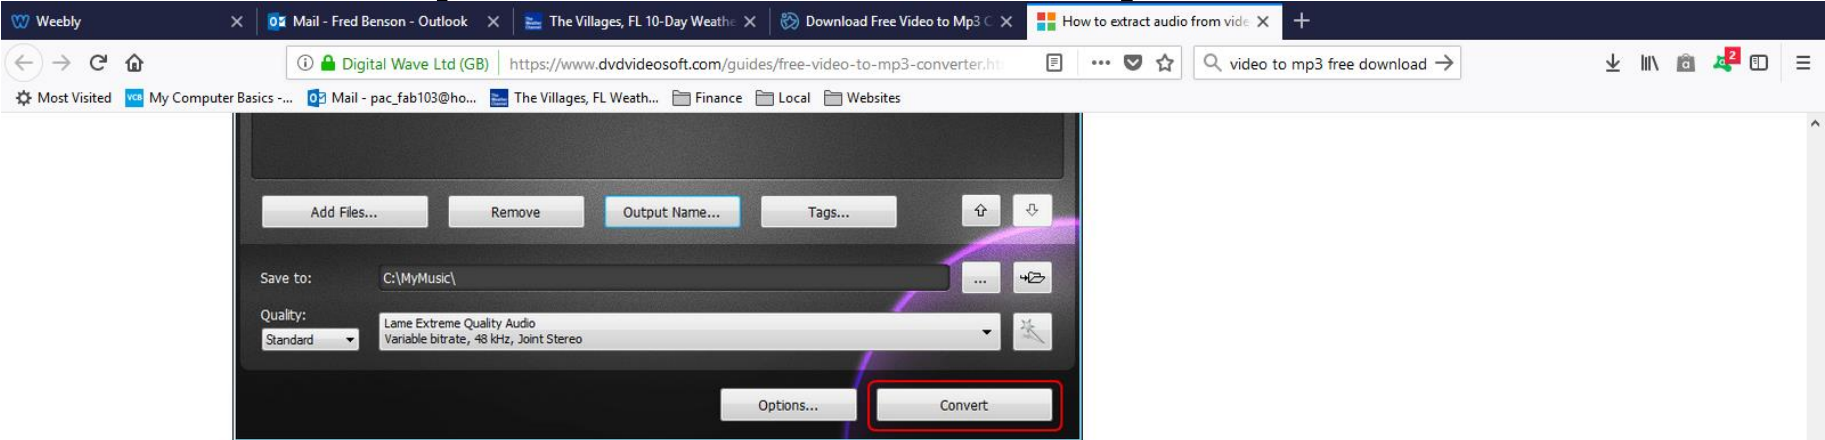

At the bottom right, there is a list of instructions:

1. Click "Continue"
2. Click "Add"

- A new tab page opens with tutorials and you then have to scroll down and next is a sample.

The screenshot shows a web browser window with several tabs open. The active tab is titled "How to extract audio from vide...". The address bar shows the URL "https://www.dvdvideosoft.com/guides/free-video-to-mp3-converter.ht...". The page header features the DVDVideoSoft logo, social media links (Like 611k, Tweet, +1 >9999), and navigation links (Downloads, Support, News, Forums, US). A blue arrow points to the right side of the page. The main content area is divided into two columns. The left column is titled "How to use Free Video to MP3 Converter" and contains two steps: "Step 1. Download Free Video to MP3 Converter" and "Step 2. Launch Free Video to MP3 Converter". The right column is titled "How to" and contains four links: "How to download YouTube playlist", "How to download YouTube channel", "How to download YouTube VEVO", and "How to download torrent videos". An inset window shows the "Free Video to MP3 Converter v. 4.3.2 build 804" application. The interface is dark-themed and features a large "FREESTUDIO" logo with the website "WWW.DVDVIDEOSOFT.COM" below it. At the bottom, there are buttons for "Add Files...", "Remove", "Output Name...", and "Tags...", along with a "Save to:" field showing "C:\MyMusic\".

- Here is a sample of scrolling down to the bottom. You then click on Download and next is what happens with Firefox Browser. Page 8 is Google Chrome. Page 9 is Opera. Page 11 is Edge and Internet Explorer. Forward to your Browser.

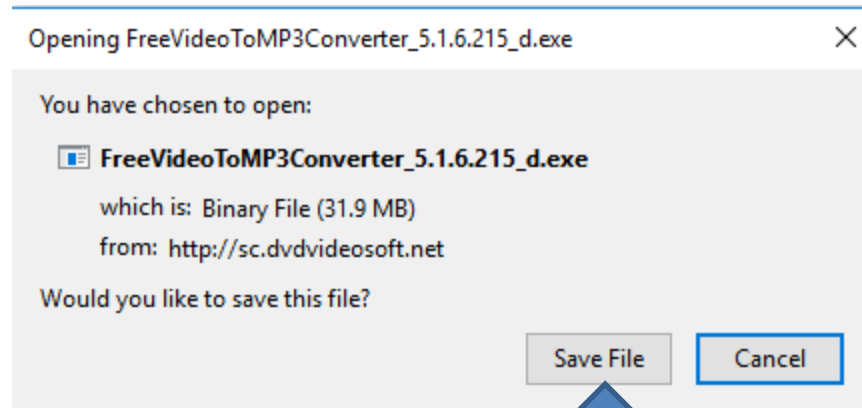

Click the Convert button along the bottom of the interface to convert video to mp3 and wait just a few seconds.

Note: Before clicking the Convert button you can set to turn off computer after the process is completed. Just go to Options... and make sure the appropriate box is checked.

- **When you click on Download a new window opens in Firefox. You click on Save File and it saves it to your Downloads Folder.**
- **Next is how to open it.**

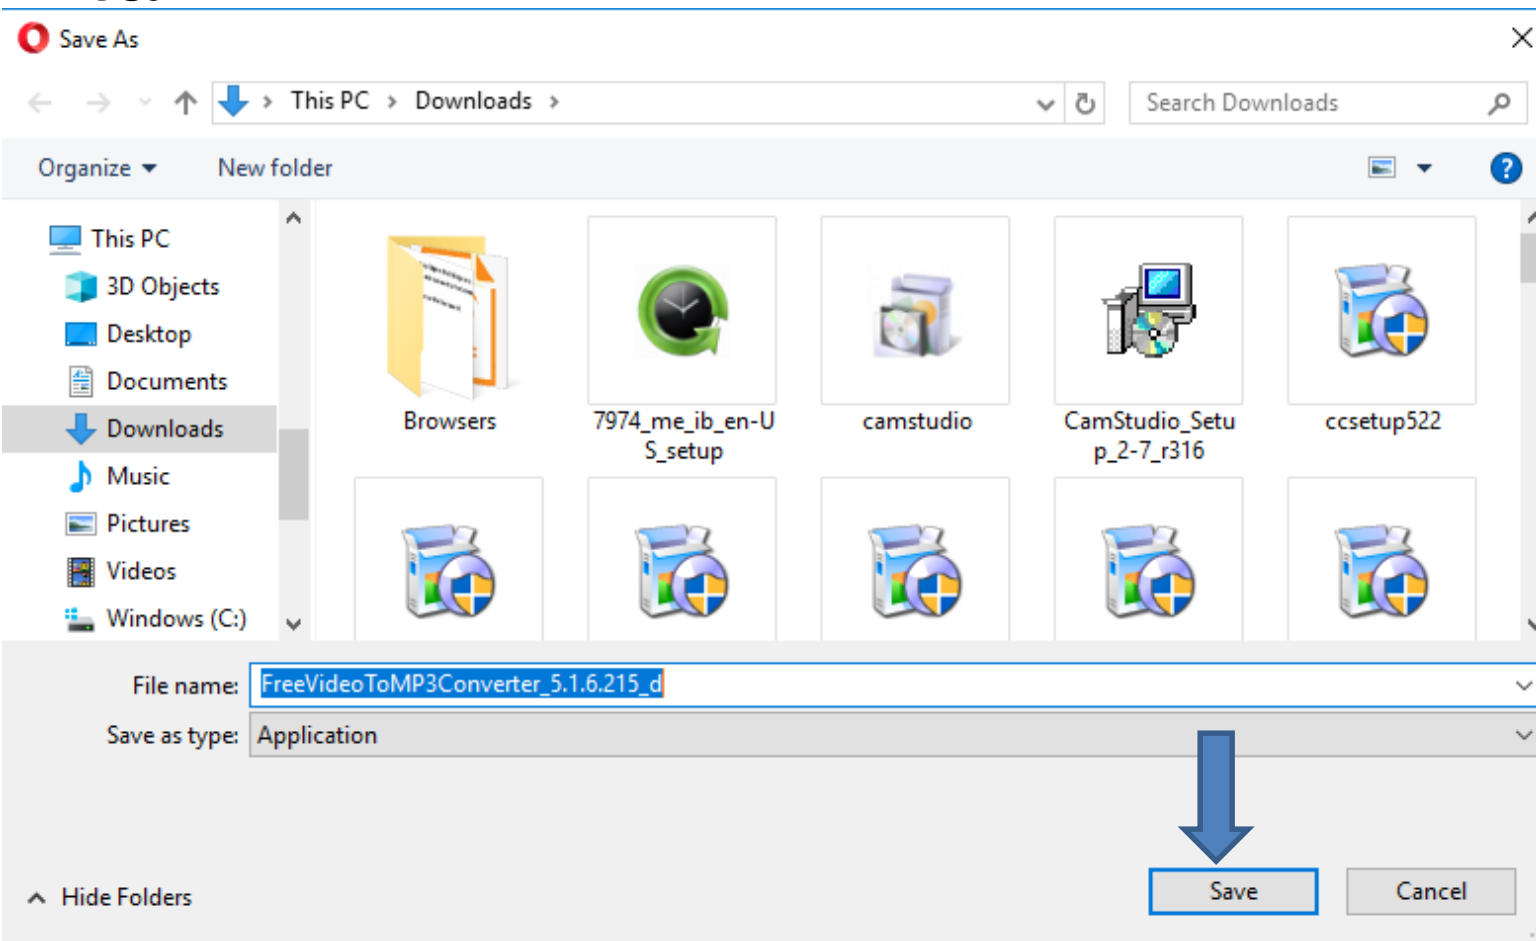

- In the upper right there is a Download Icon and when you click on it you see the clipgrab.exe and click on it and Page 12 shows you what happens. You want to forward to Page 12 in this PDF file.

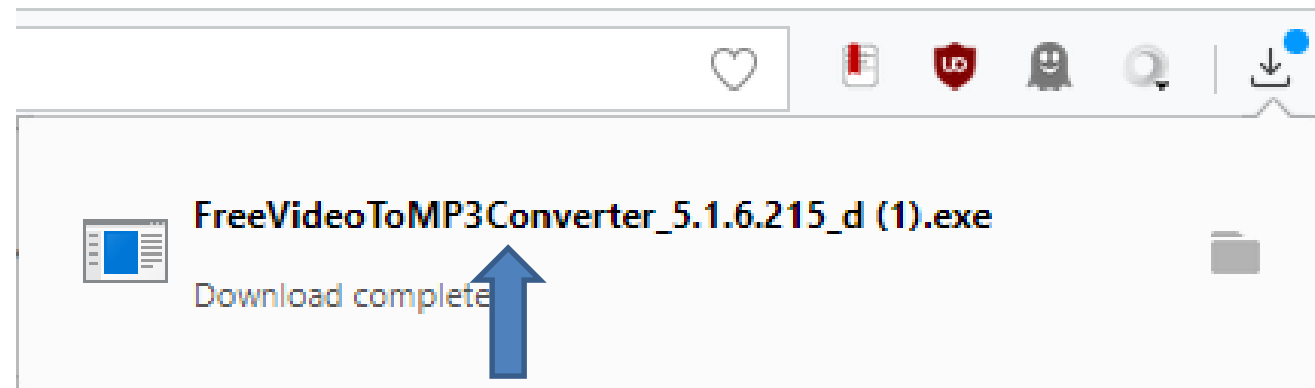

- **When you click on Download a new window opens in the lower left in Google Chrome. You click on the dropdown icon on the right and a new window opens with a list and your click on Open and Page 12 shows you what happens. You want to forward to Page 12 in this PDF file.**

- When you click on Download a new window opens in the upper left in Opera. You can find another folder, but I recommend just click on Save and the window closes and it saves it. Next is how to open it.

- **When you window closes and it saves it, a new window in the upper right with the download. You then click on it and Page 12 shows you what happens. You want to forward to Page 12 in this PDF file.**

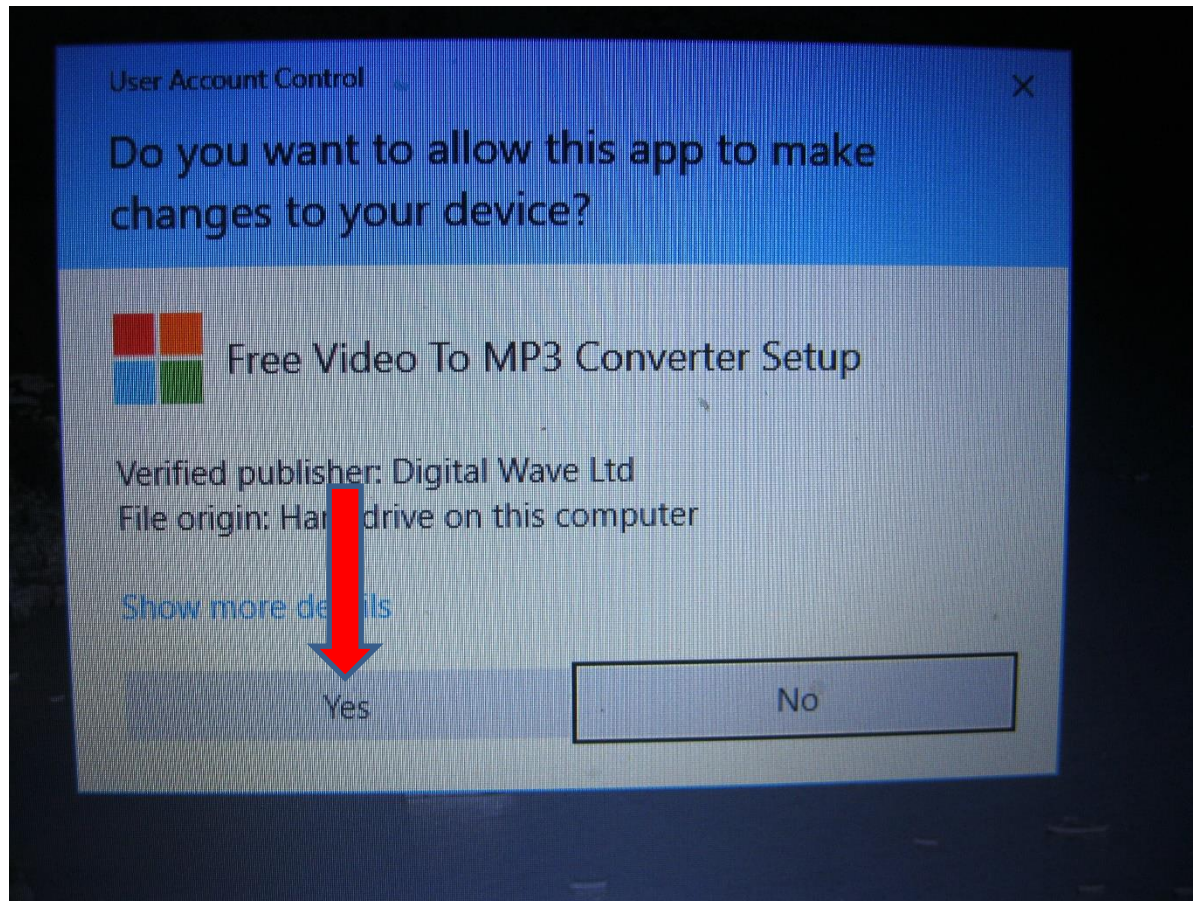

- **When you click on Download in Edge Browser a new window on the bottom. It does not download it, unless you click on Save. I recommend you click on Run and next is what happens.**

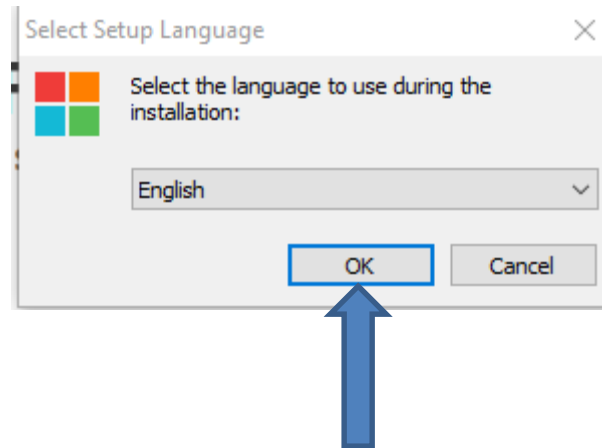

- **When you click on Download in File Explorer a new window on the bottom. It does not download it, unless you click on Save. I recommend you click on Run and next is what happens.**

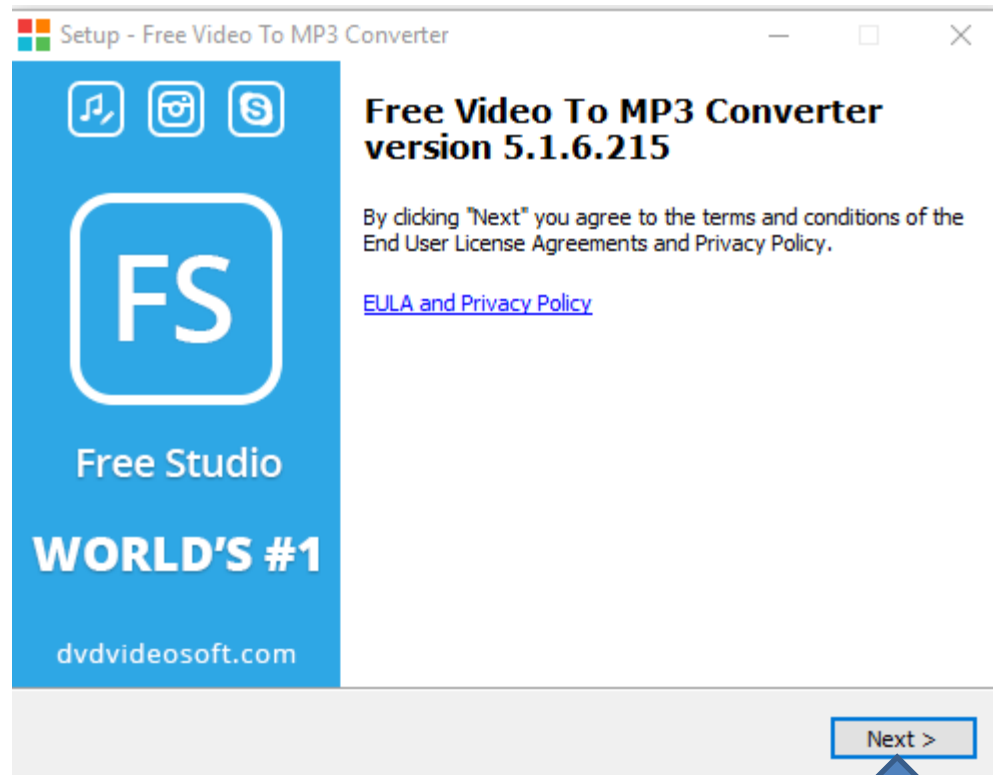

- **A new window opens and click on Yes and next is what happens.**

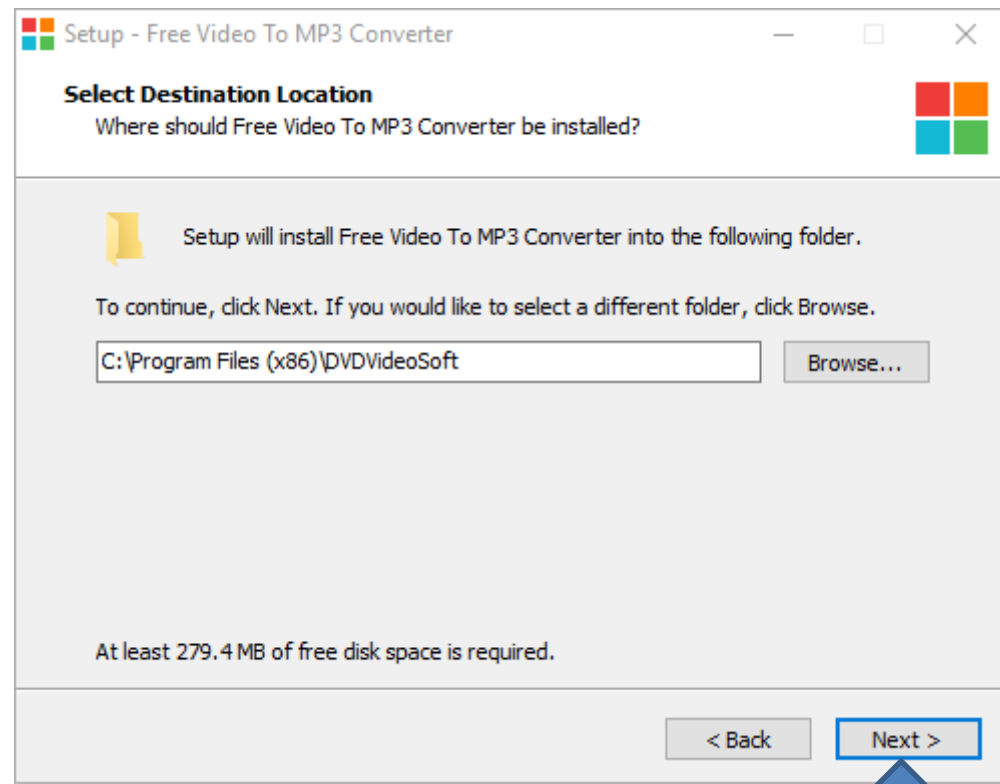

- **Window closes and a new window opens and click on OK and next is what happens.**

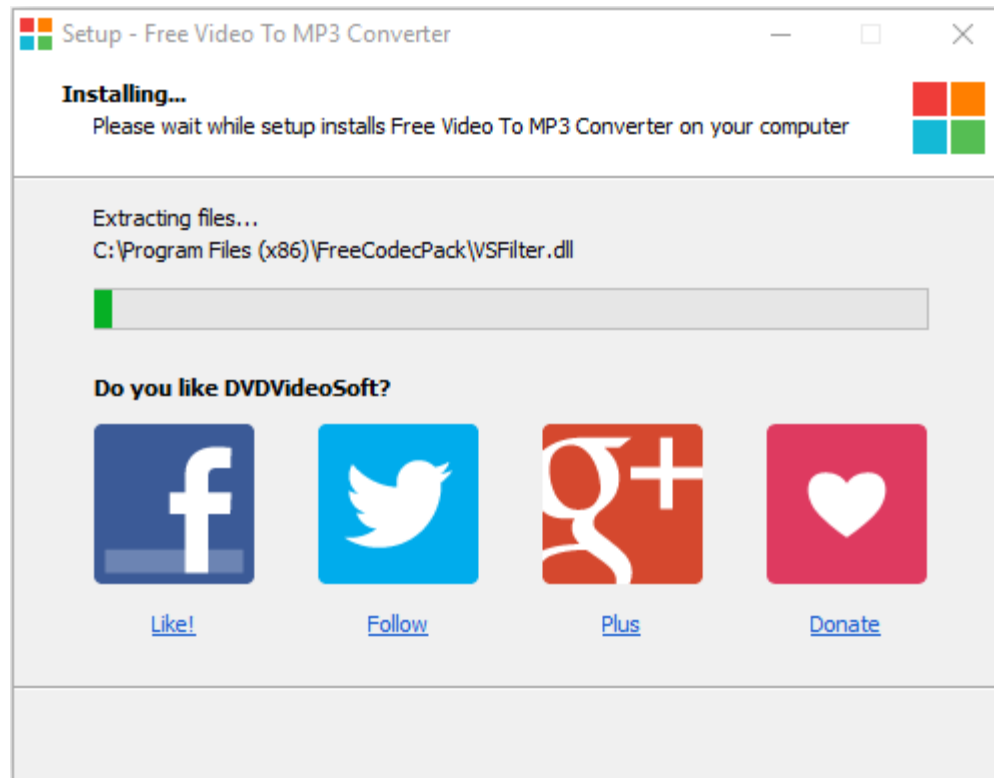

- **Window closes and a new window opens and click on Next and next is what happens.**

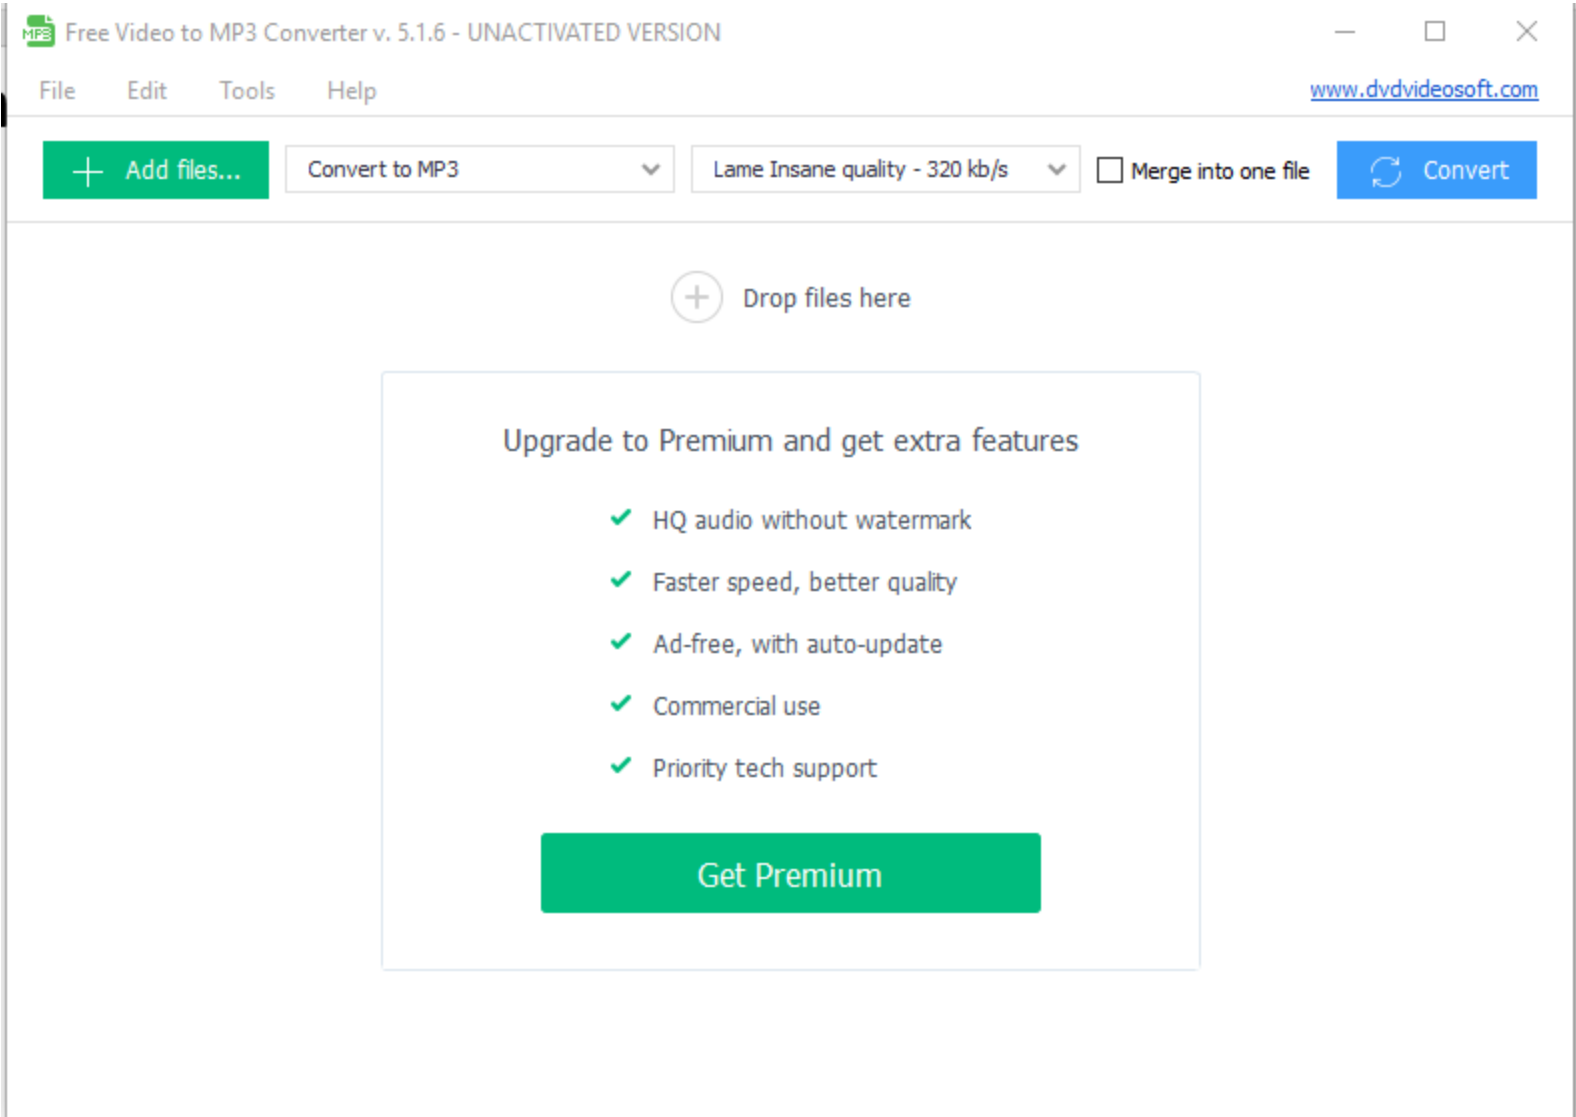

- **Window changes and click on Next again and next is what happens.**

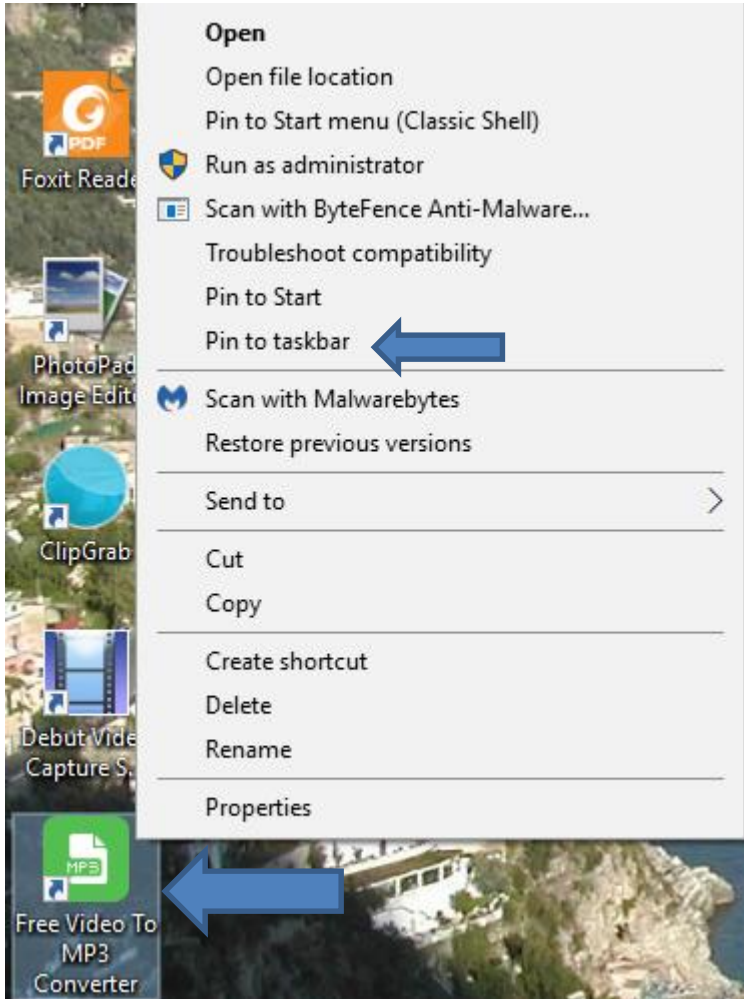

- **Window changes and it shows it is in process.
Next is what happens when it is finished.**

- **Window closes and Free Video to MP3 Converter opens. Next is how to Pin to Taskbar.**

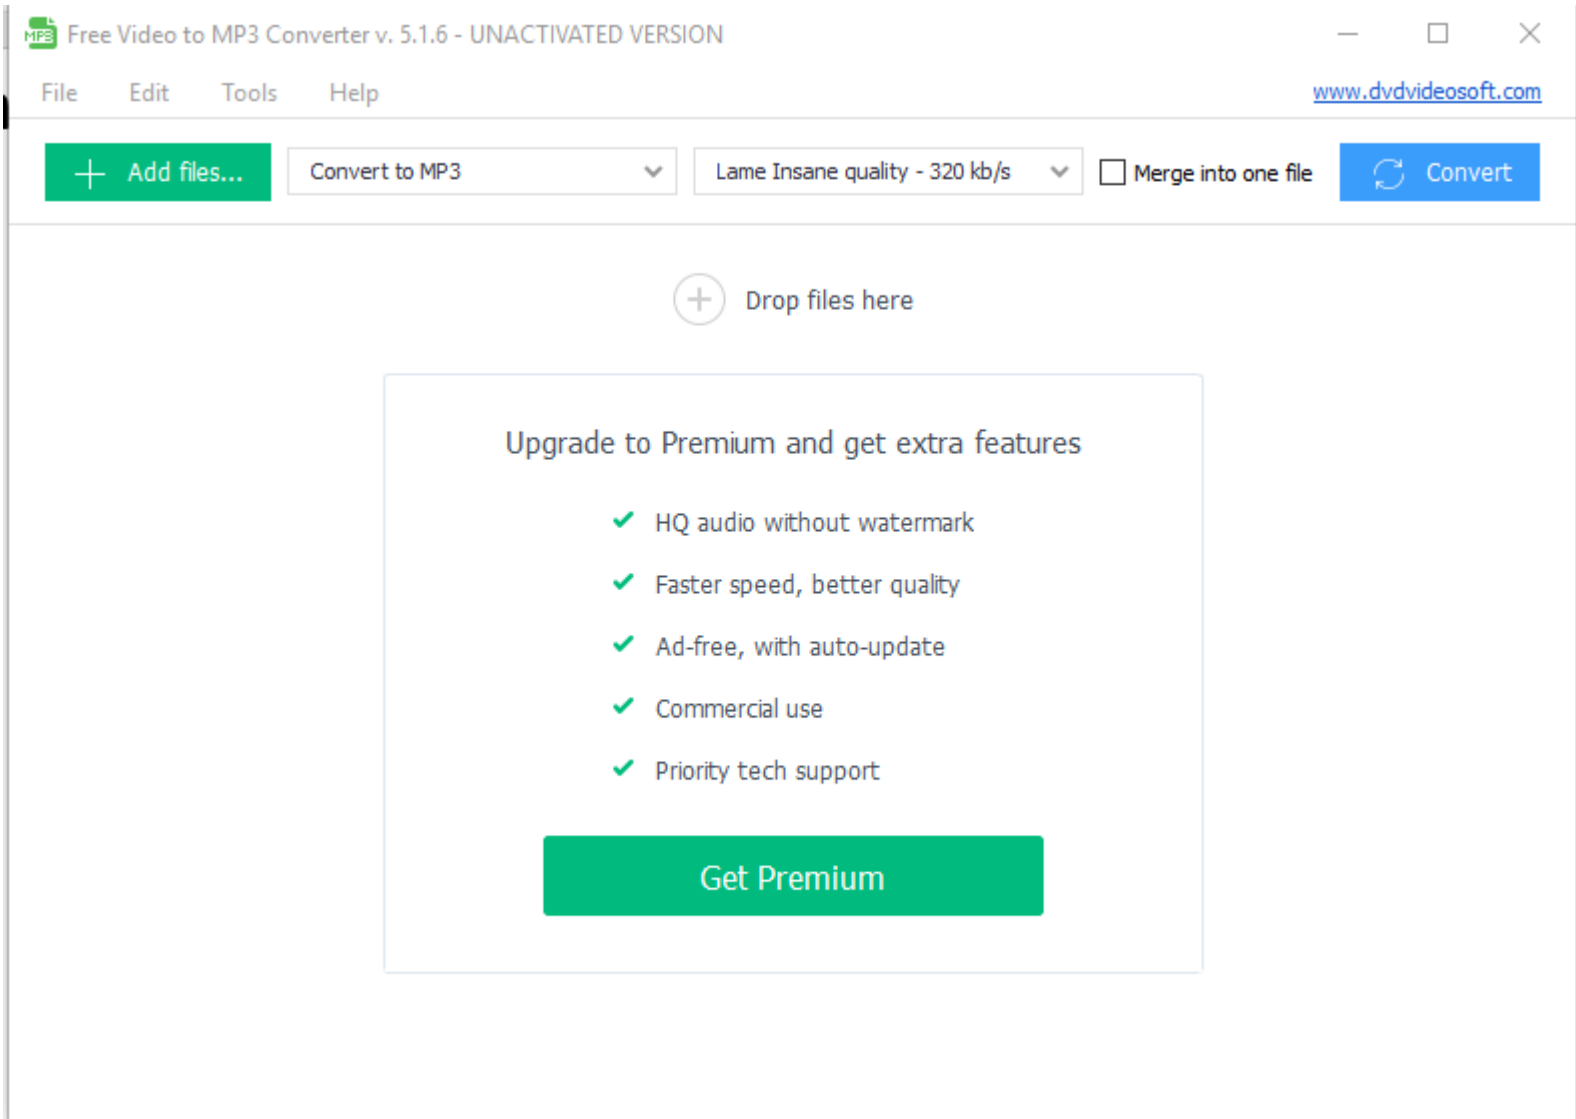

- You go to your Desktop and right click on the Free Video To MP3 Converter Icon and you see a list and then click on Pin to taskbar and next is a sample.

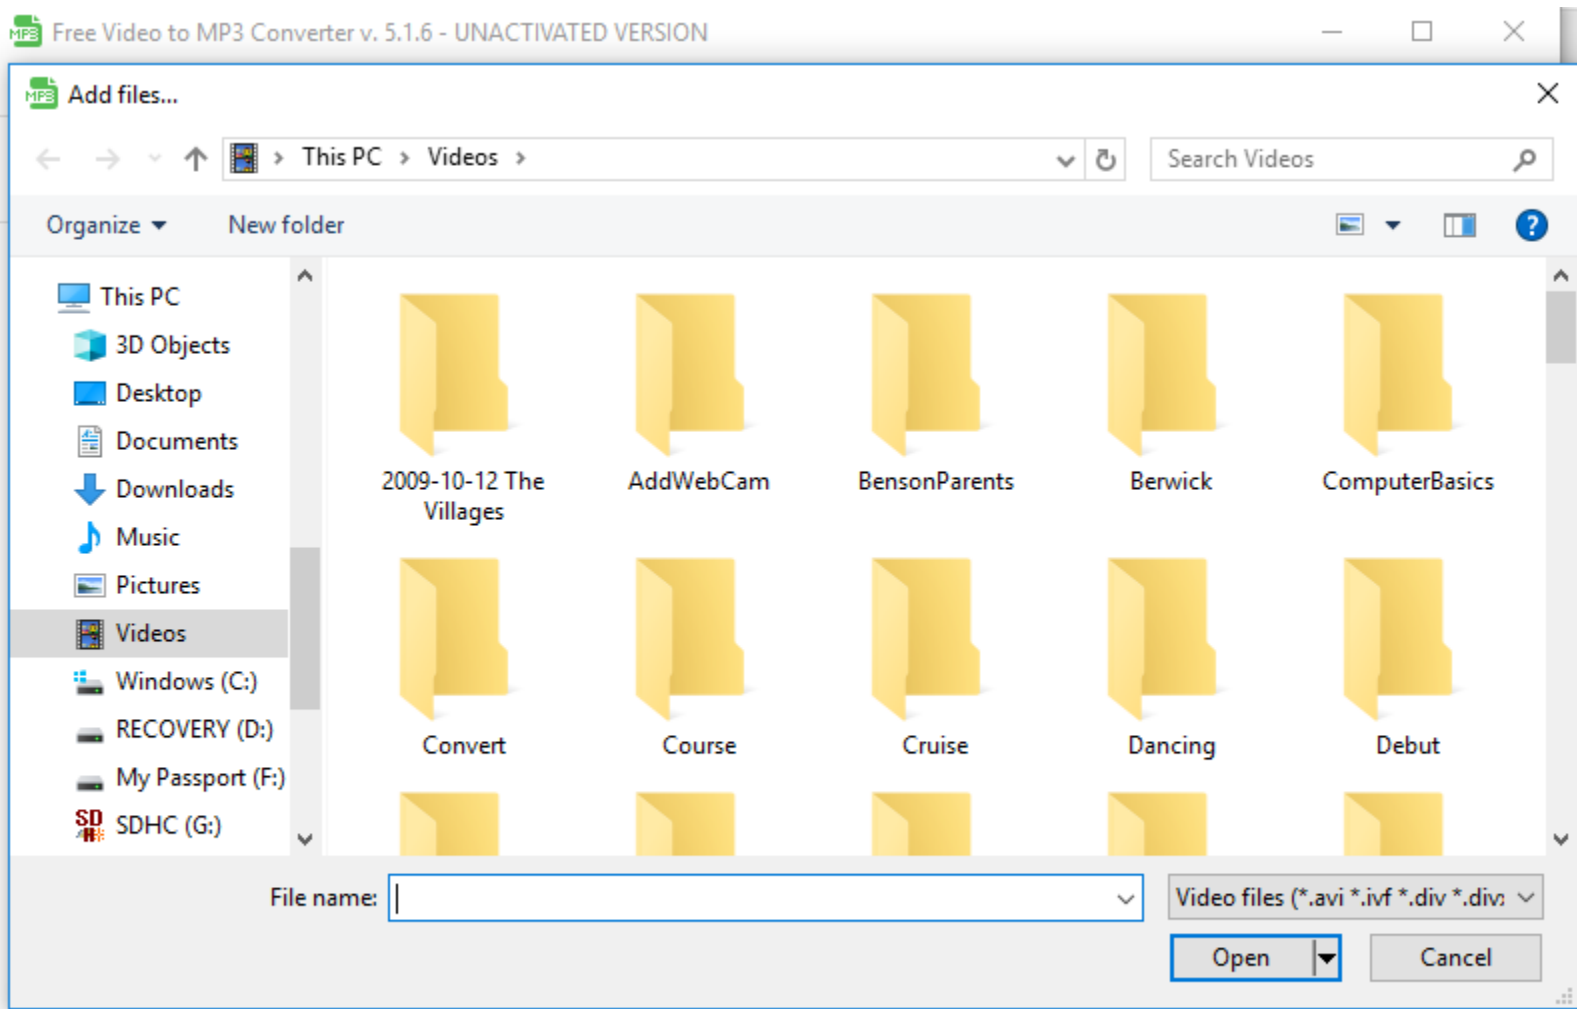

- Here is a sample of the Icon in Taskbar in Windows 10. If it is not open, click on it and next is how to Convert Video to a MP3 file.

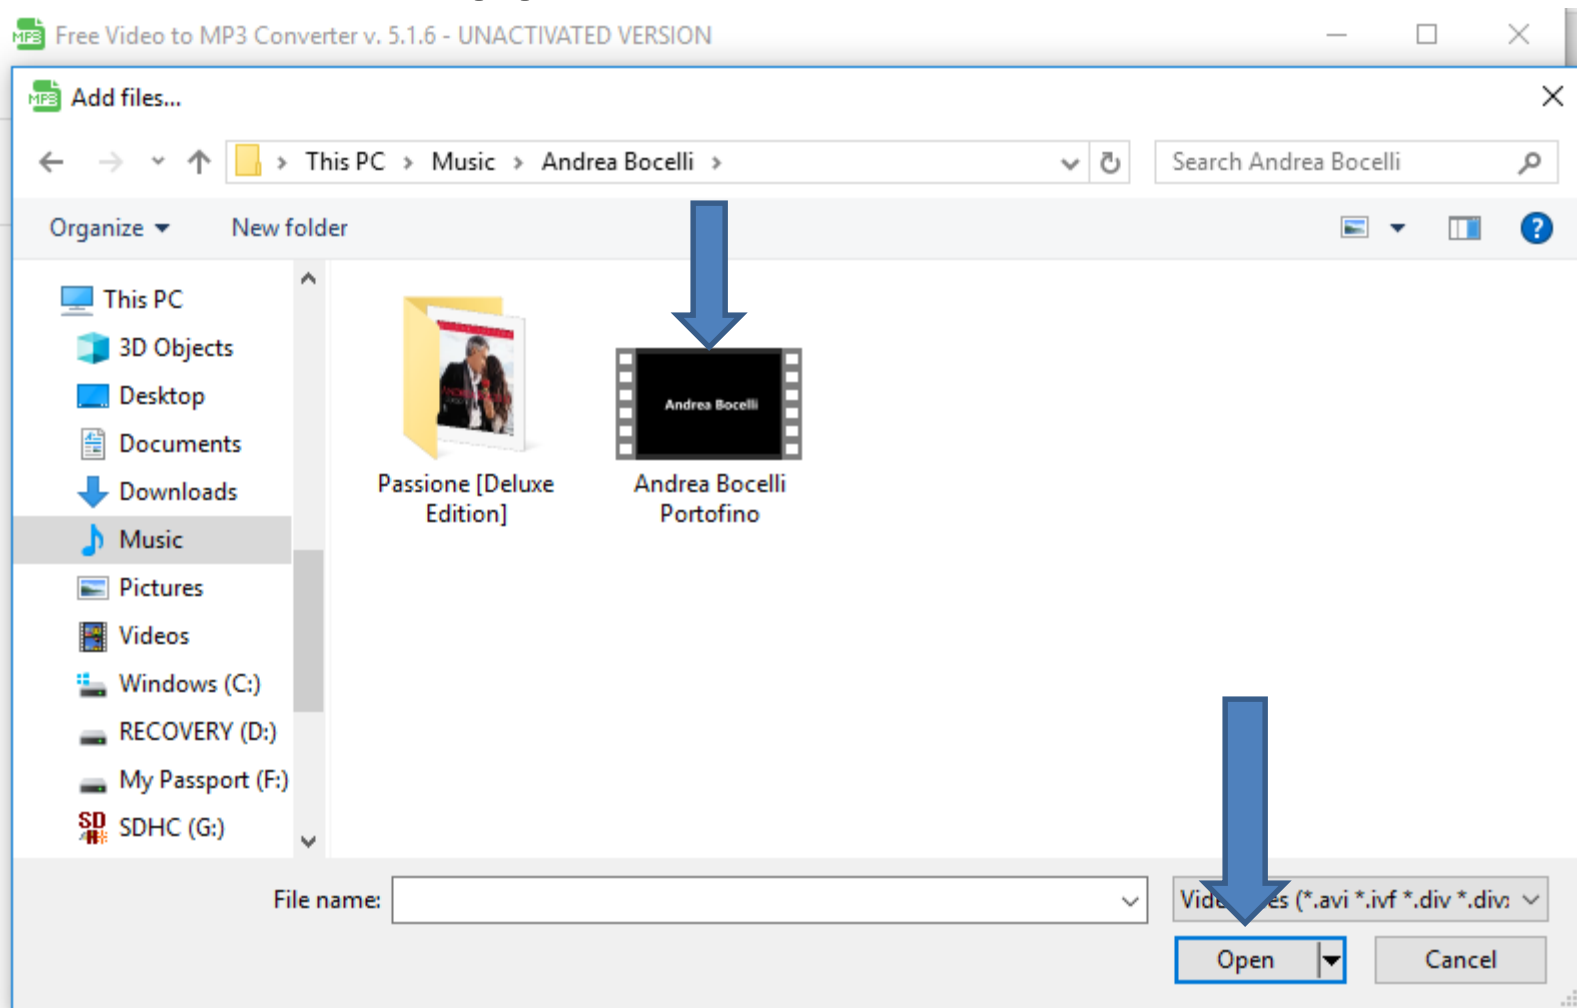

- You click on Add files in the upper left and next is what happens.

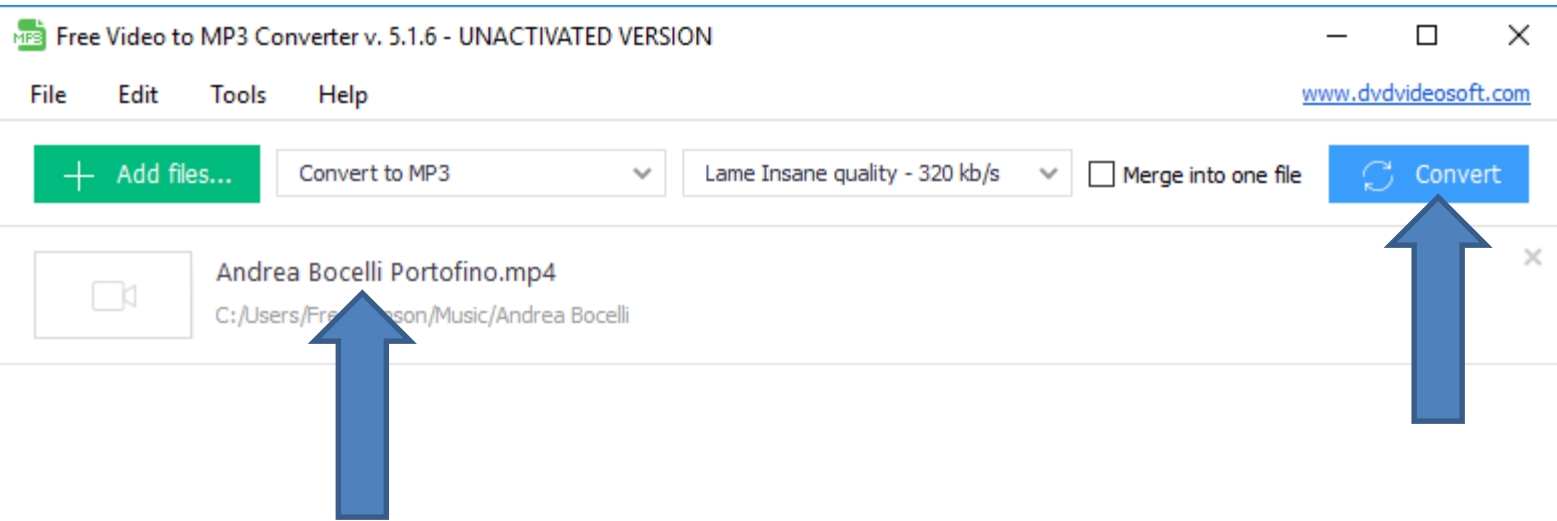

- A new window opens, like File Explorer and find the Video, like I did in Step 6. Next is a sample.

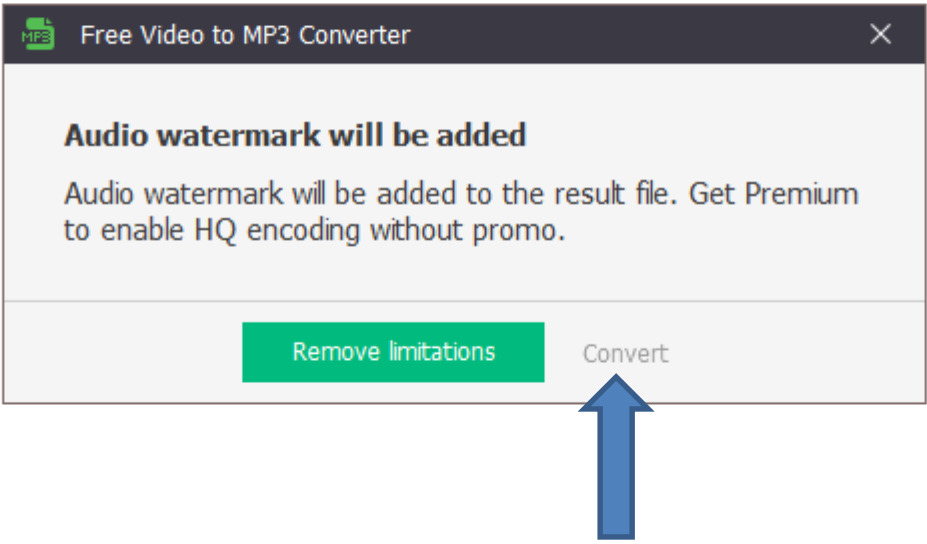

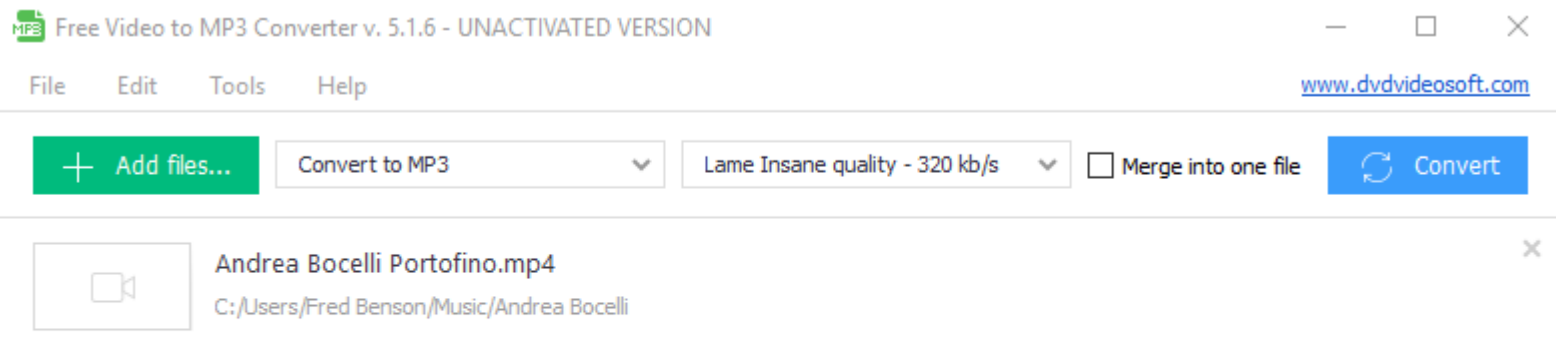

- Here is a sample of the one I did in Step 6. You double click on it or click on it and click on Open. Next is what happens.

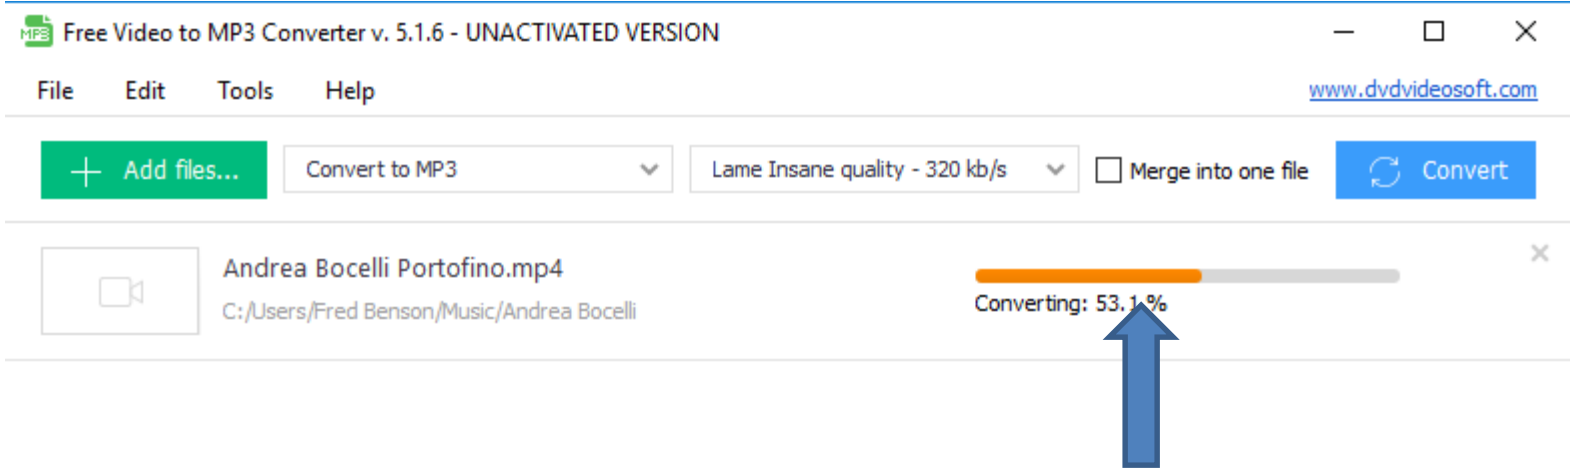

- **Window closes and you see the Video. Then click on Convert on the right and next is what happens.**

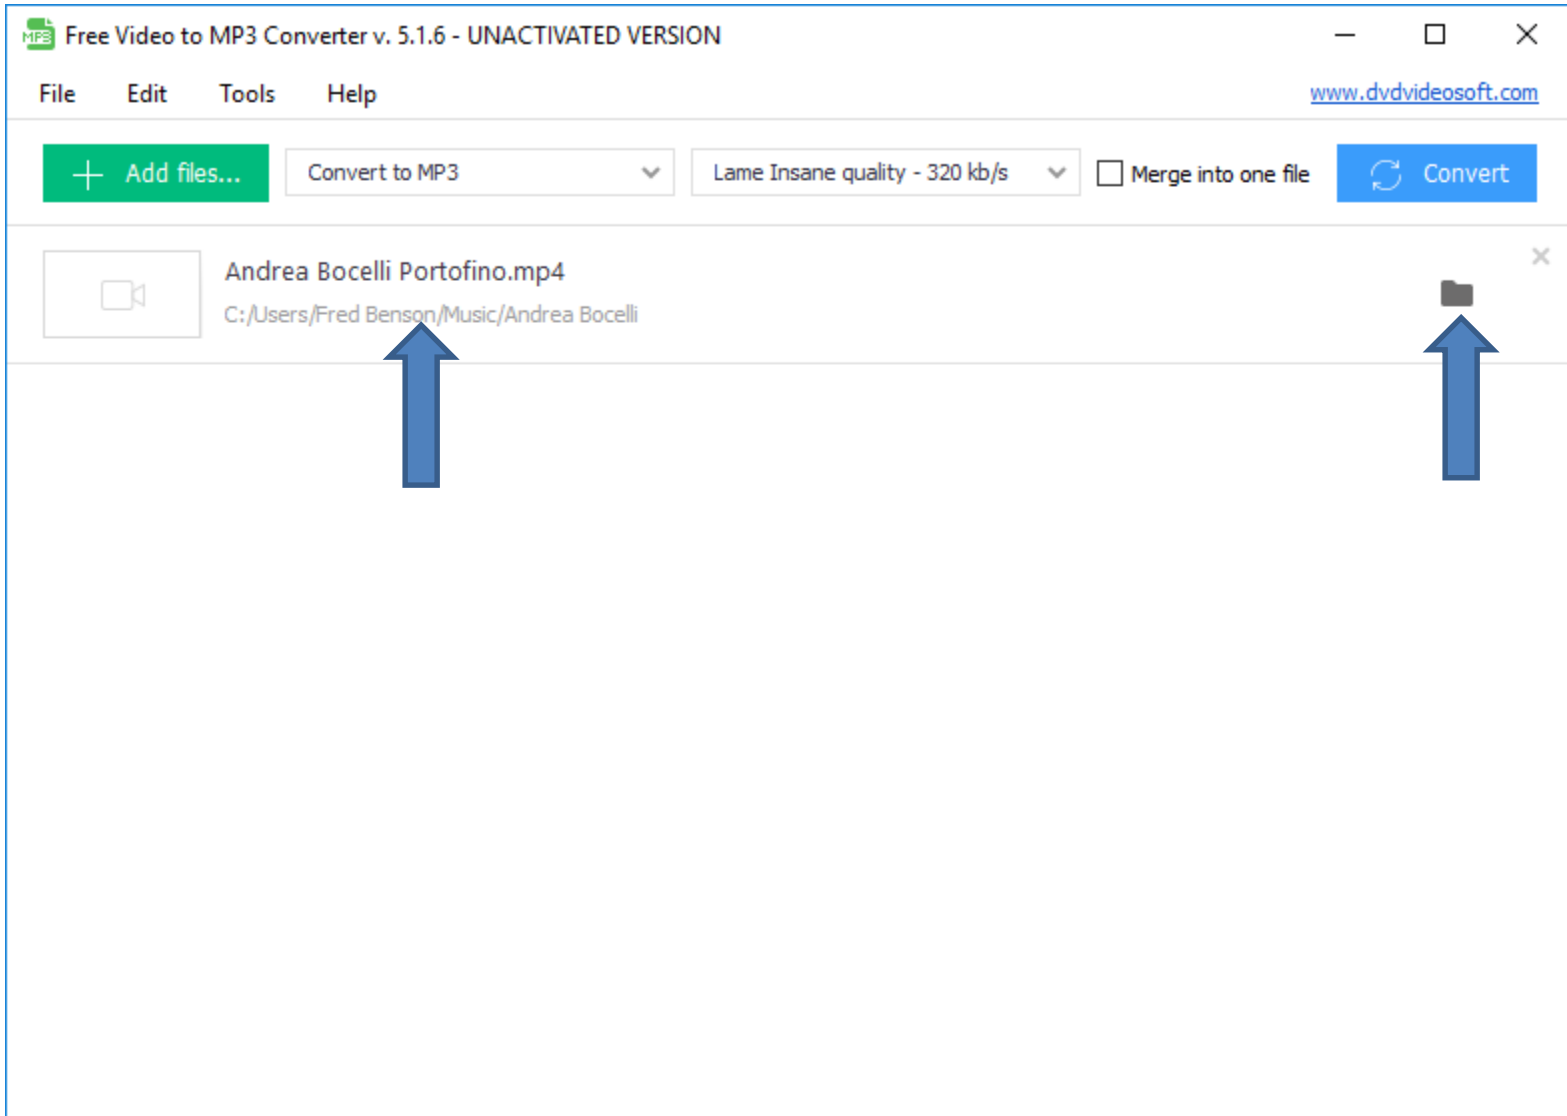

- A new window opens and I recommend you click on Convert on the new window and next is what happens.

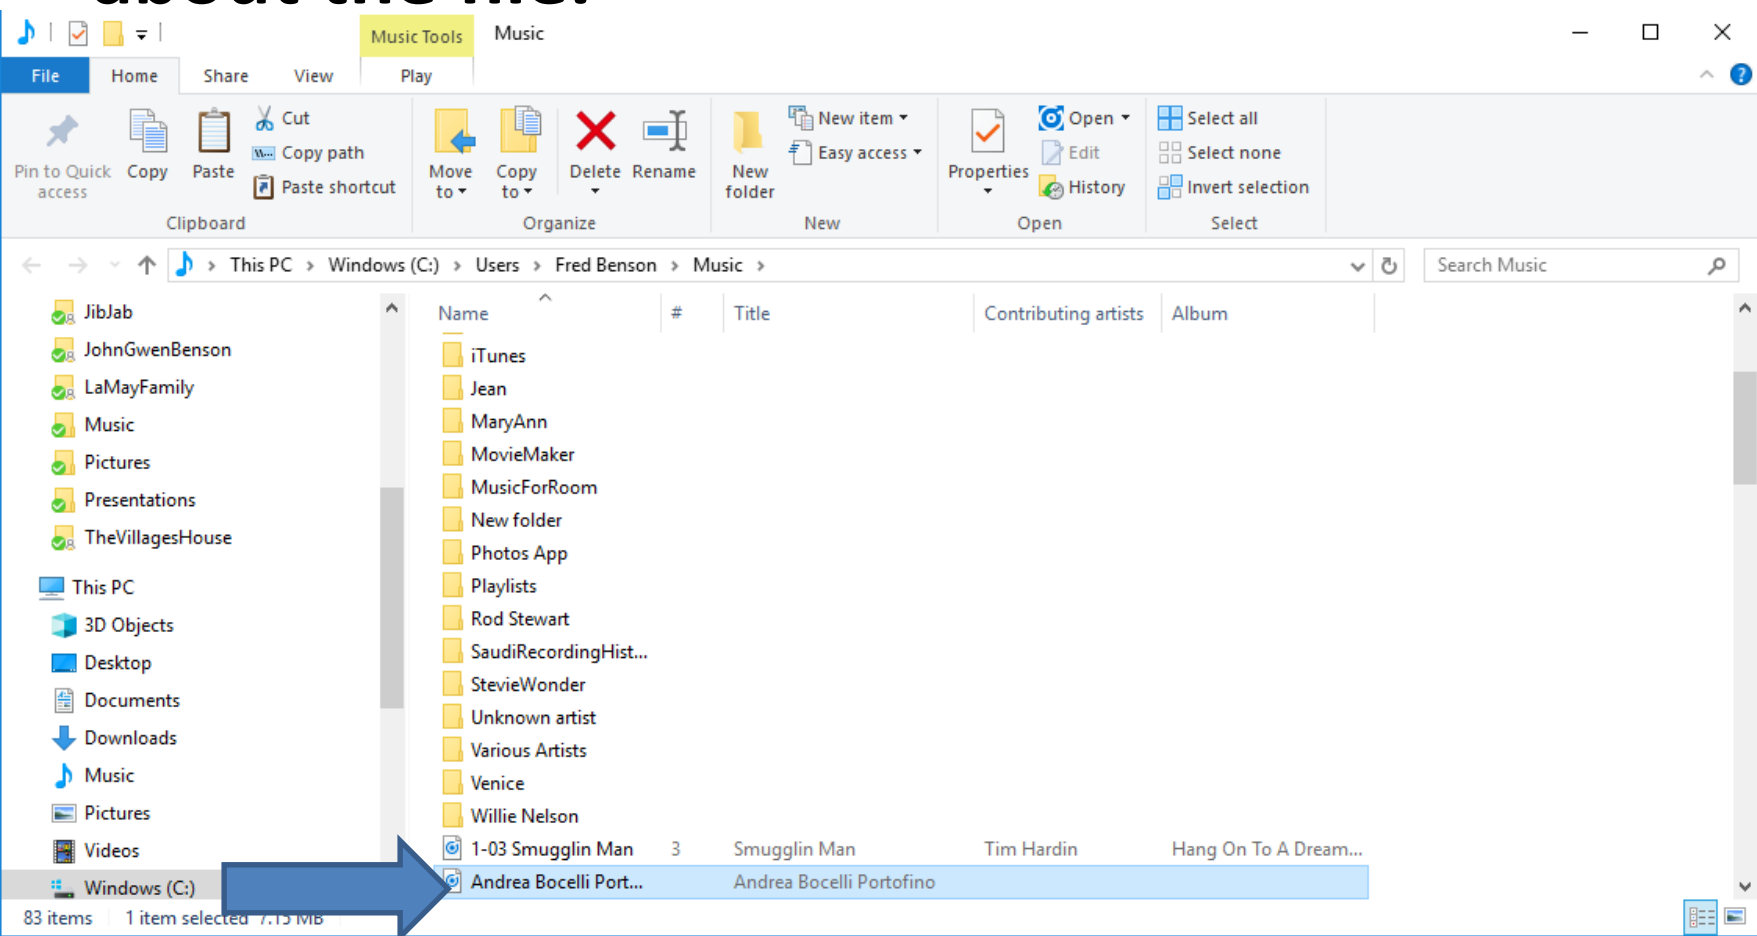

- You then see it is process. Next is when it is complete.

- Here is a sample when it is complete. You can click on the folder icon on the right to see it, which is next.

- A new window opens, like File Explorer again and you see it at the bottom under the Music Folder. Depending on what App you have, you can double click on it and it will play the Music. Next explains about the file.

- **It is a MP3 file that is just Music. The Video file is still on the same Folder that I showed you.**
- **This is the End of Step 7.**
