

Downloads Links and Instructions

Step 2 - Downloads

- **Movie Maker – New Websites**
- **Download DVD Styler software for Windows 8 or 10**
- **Download DVD Player for Windows 8 or 10**
- **Microsoft no longer supports Windows Essentials and can't download it. But, there is other websites that may work to download, which is on the next page.**

Step 2 – Download Links

- Windows Essentials 2012 now longer works with Microsoft, but this Website may work. If it doesn't work, there is another one below.
- <http://www.softpedia.com/get/Multimedia/Graphic/Digital-Photo-Tools/Windows-Live-Photo-Gallery.shtml>
- This website just downloads Movie Maker and it is not free.
- <http://www.windows-movie-maker.org/>
- Note – Windows Essentials was free, but when you download from the new website you get 30 day Trial Version and after that you have to pay about \$29.95
- Download DVD Styler Software for Windows 8 or 10
 - www.dvdstyler.org/en/
- DVD Player - Windows 8 or 10
 - <http://www.videolan.org/>
- Next is what happens when you go to the first website and after that is the new Movie Maker website.

- This is the website and you click on **DOWNLOAD** and next is what happens.

The screenshot shows a web browser window displaying the Softpedia website for Windows Photo Gallery. The browser's address bar shows the URL: www.softpedia.com/get/Multimedia/Graphic/Digital-Photo-Tools/Windows-Live-Photo-Gallery.shtml. The website's navigation bar includes the Softpedia logo and links for Windows, Drivers, Games, Mac, Android, Linux, and News. The breadcrumb trail reads: [Softpedia](#) > [Windows](#) > [Multimedia](#) > [Graphic](#) > [Digital Photo Tools](#) > [Windows Photo Gallery](#). A search bar is located on the right side of the navigation bar.

- **Each Browser is different. Below is what happens with Google Chrome and you see it in process downloading to your computer to your Download folder. Once complete, you can click on Open in Google Chrome.**
- **Next is what happens with Firefox.**

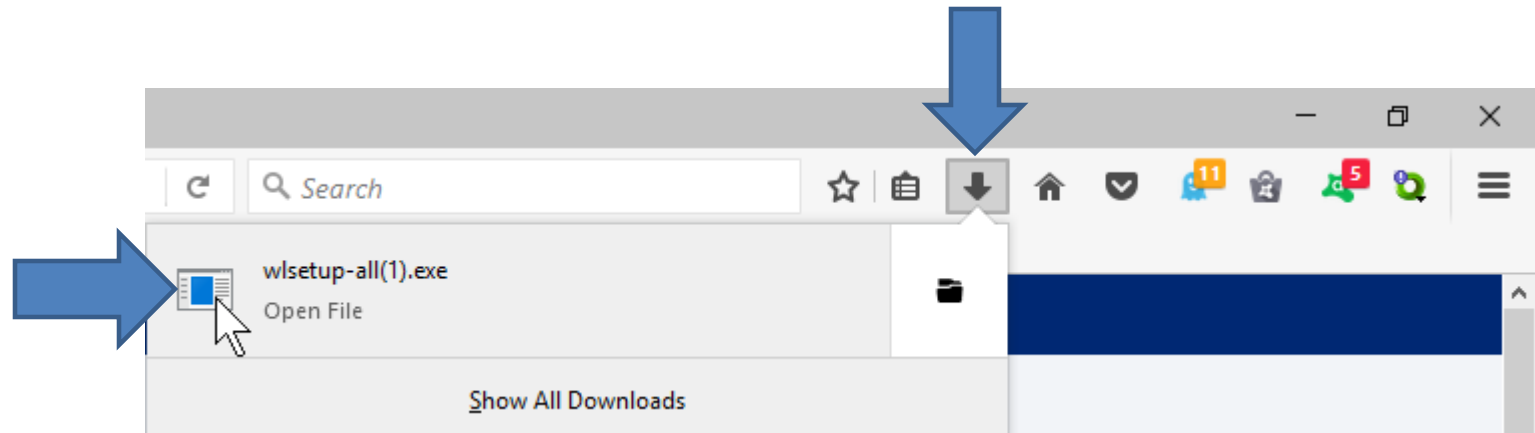

wsetup-all (1).exe
40.0/131 MB, 52 secs left

- In Firefox, a new window opens and you have to click on Save File. Once you do that it downloads it to you Download folder and you have to open like File. Next is the easy way to open it.
- Next is what happens with Internet Explorer and Edge.

- Once when it downloads you click on  in upper right and you see wsetup-all.exe and hover over it and you see Open File and click on it.
- Next is what happens with Internet Explorer and Edge.

- Each Browser is different when you click on Download, first is what happens with Internet Explorer. It shows a new window on the bottom and you click on Run.

Do you want to run or save **wlsetup-all.exe** (130 MB) from **softpedia-secure-download.com**?

Run

Save

Cancel

- Next is Edge in Windows 10. When you click on download, it downloads a file to your Download folder on your computer and a new window opens at the bottom and you can click on Run.

wlsetup-all (1).exe finished downloading.

Run

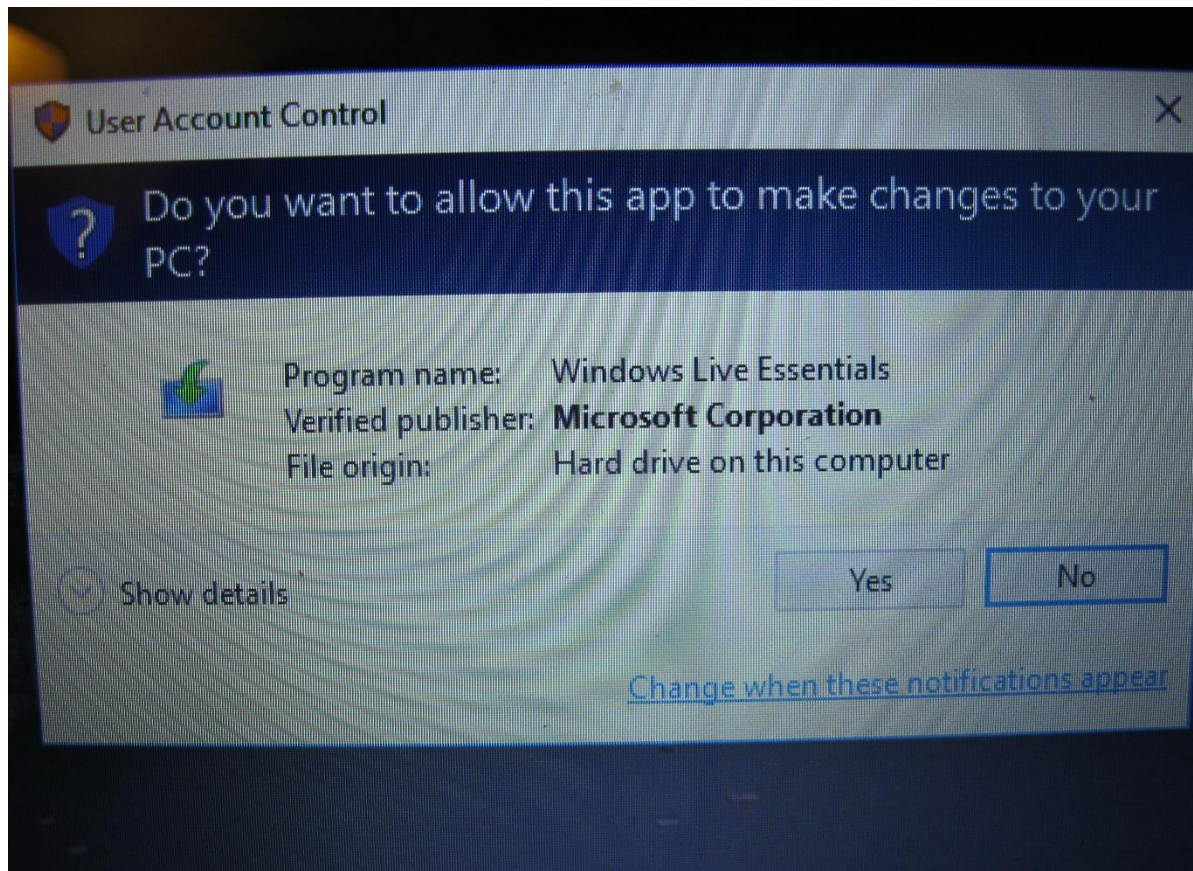

Open folder

View downloads

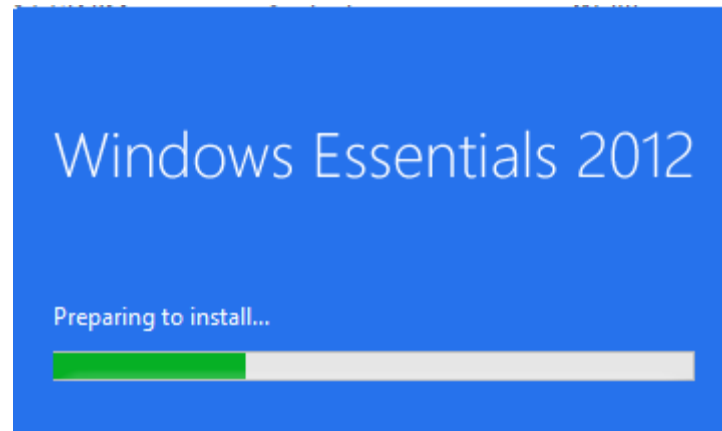

- Next is what happens when you Run or Open on any Browsers.

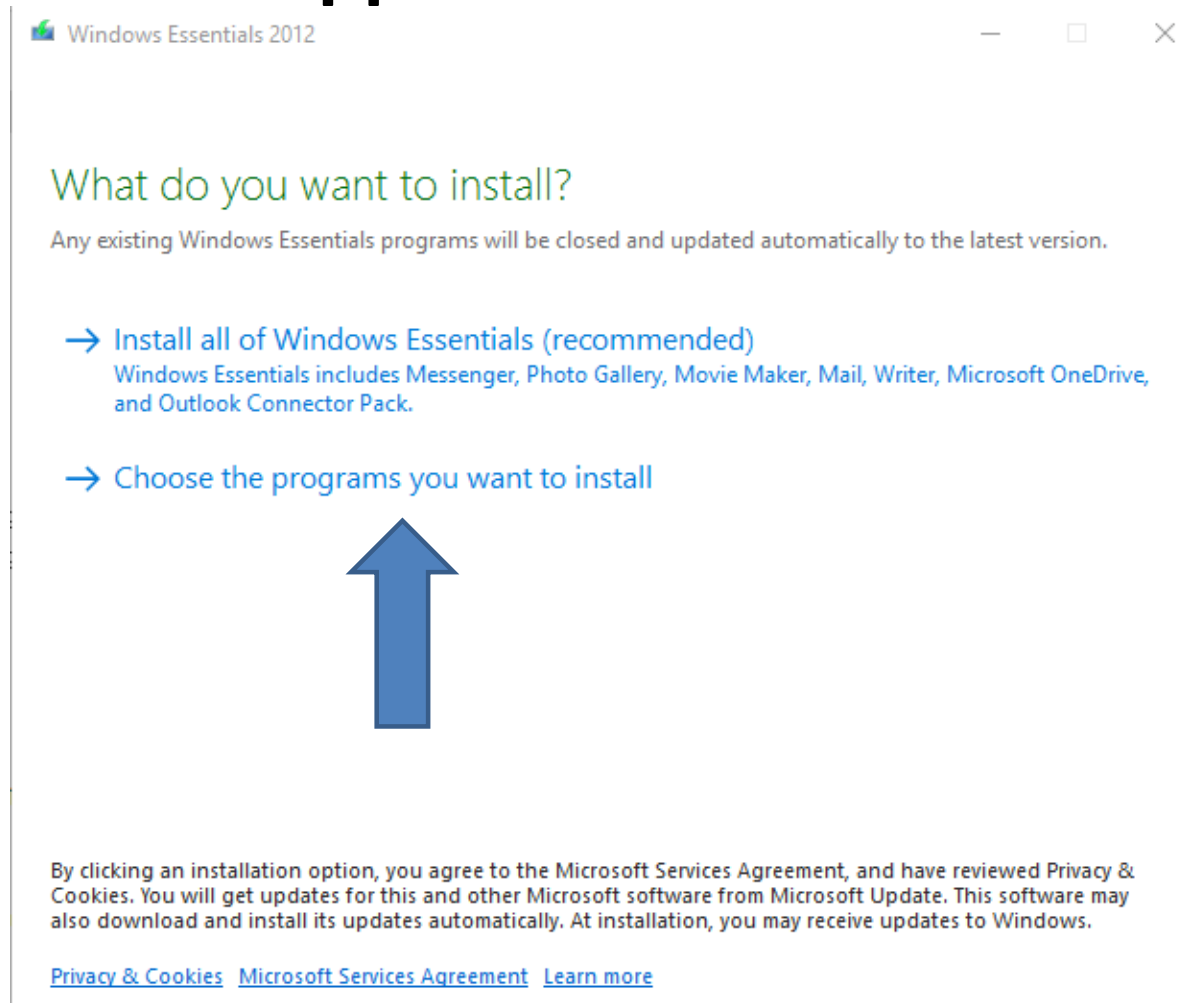

- A new window opens and you click on Yes.
- Next is what happens.

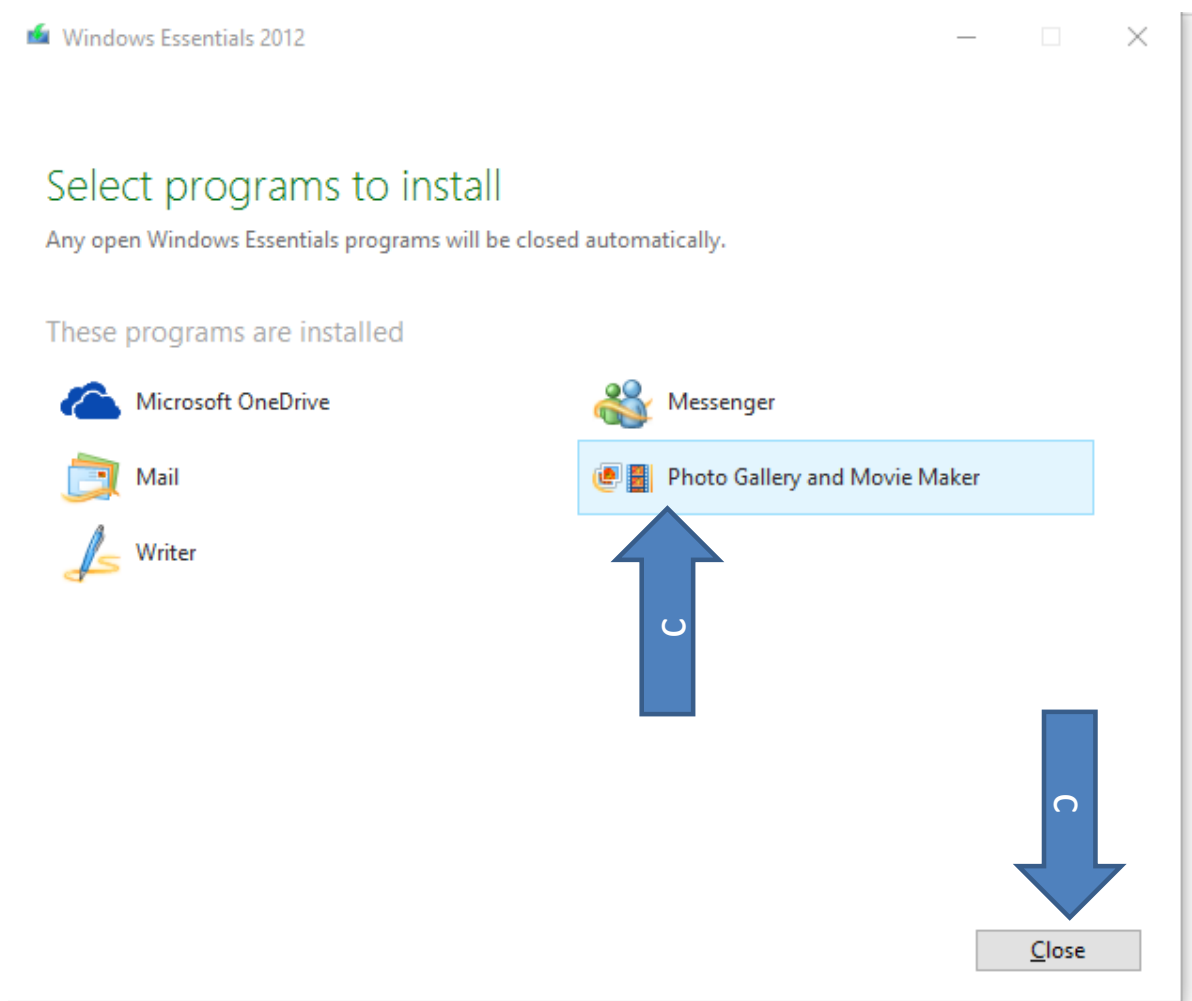

- **The window closes and a new window opens showing that Windows Essentials 2012 is in process.**
- **Next is what happens when is finished.**

- The window closes and a new window opens showing What do you want to install. recommend click on Choose the programs you want to install. Next is what happens.

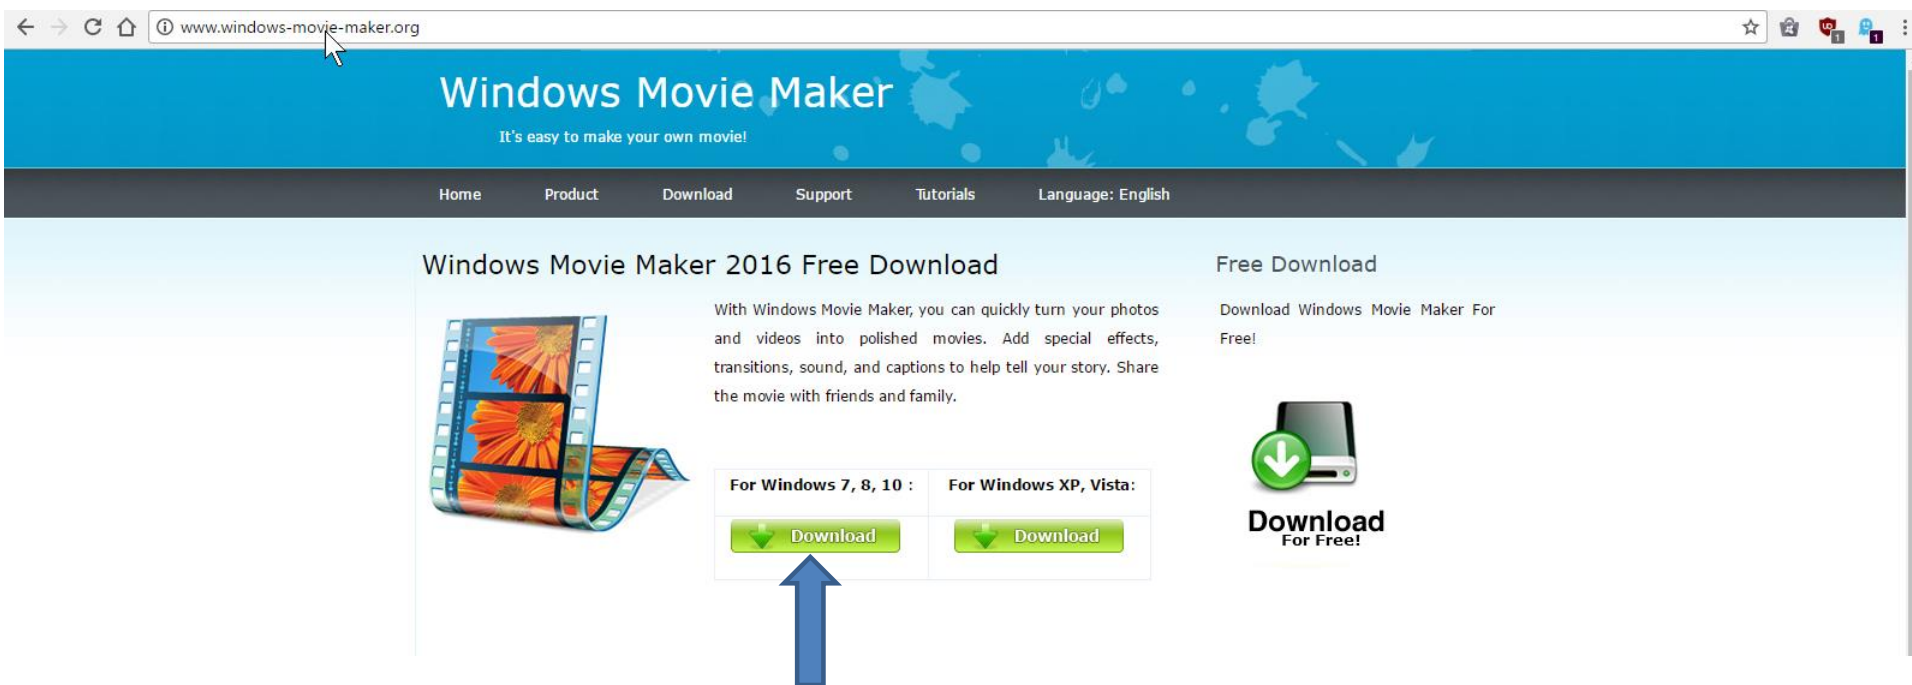

- **The window closes and a new window opens and I recommend click on Photo Gallery and Movie Maker and click on Close. Next is what happens.**

- **It then installs Photo Gallery and Movie Maker.**
- **If it does not work, use the other website, which is next.**

Movie Maker Download Instructions

- When you go to this website, it shows Free Download. I tried it, but as I mentioned before it is just a Free Trial Version. Click on Download. Next is what happens.

The screenshot shows a web browser window with the address bar displaying www.windows-movie-maker.org. The website has a blue header with the text "Windows Movie Maker" and the tagline "It's easy to make your own movie!". Below the header is a navigation menu with links for Home, Product, Download, Support, Tutorials, and Language: English. The main content area features a section titled "Windows Movie Maker 2016 Free Download" with a filmstrip image showing orange flowers. To the right of the image is a paragraph describing the software's capabilities. Below this text are two download buttons: "For Windows 7, 8, 10 : Download" and "For Windows XP, Vista: Download". A blue arrow points to the first button. To the right of these buttons is a "Free Download" section with a "Download Windows Movie Maker For Free!" link and a "Download For Free!" button with a green download icon.

About

DVDStyler is a cross-platform free DVD authoring application for the creation of professional-looking DVDs. It allows not only burning of video files on DVD that can be played practically on any standalone DVD player, but also creation of individually designed DVD menus. It is Open Source Software and is completely free.

Features

create and burn DVD video with interactive menus

Download Now!
DVD Styler-3.0.3

- When you click on the DVD Player link, it opens in the Default Browser. You click on Download VLC and it is the same process I showed you in Movie Maker, but it is free.
- This is the End of Step 2.

The screenshot shows the VLC media player website. At the top, there is a navigation bar with the VideoLAN logo and links for VideoLAN, VLC, Projects, Contribute, and Support. There are also donation buttons for €4.00 and \$5.00. Below the navigation bar, the text reads "VideoLAN, a project and a non-profit organization." and "Partners Booxmedia". The main content area features a large "Download VLC" button. Below the button, it says "Version 2.2.6" and "14,999 downloads so far". There are icons for Windows, Linux, Android, and Apple. A large blue arrow points to the "Download VLC" button. To the left of the download section, there is a gallery of video thumbnails, including "Reasons Against Marijuana Ban", "A Beer", "Big Buck Bunny", and "Mushrooms University".
