Step 11 - Part 2a – Edit Slideshow Options

- **I will show you each Option.**
- **First click on a Slideshow Photo.**

When you click on it, you see Edit Options

Slideshow

Add / Edit Photos

OPTIONS

Transition Style	Fade >
Navigation	>
Speed	5 seconds >
Spacing	>
Caption Location	⬅ ...om >

- **When you click on Caption Location, it changes page and shows the Caption Location options.**

- **Next is what happens when you click on it.**
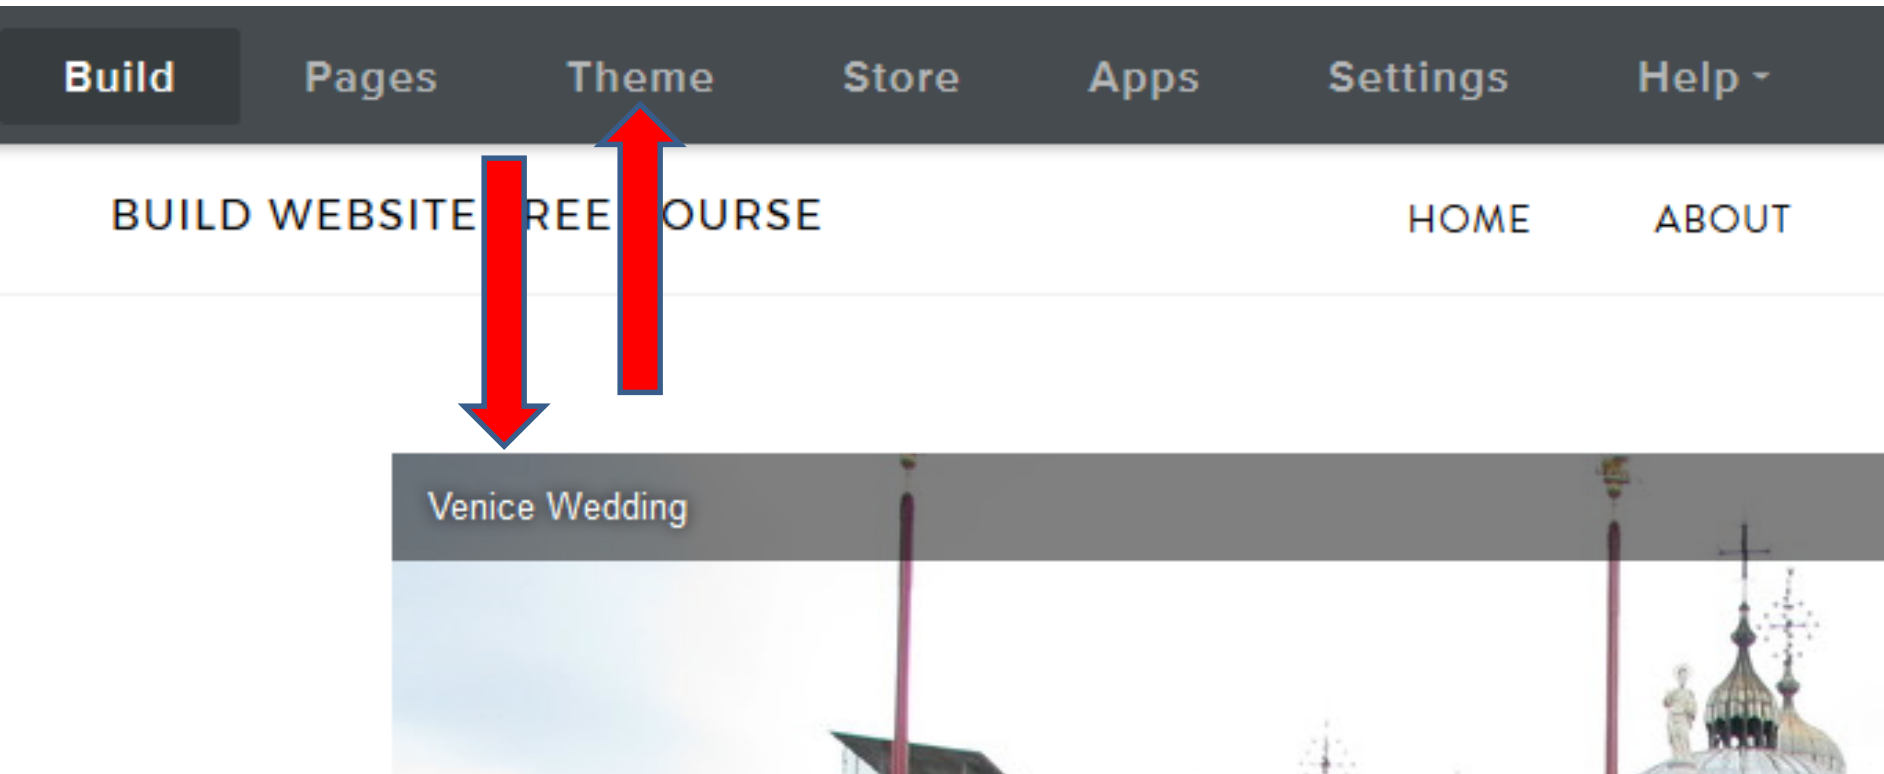

# Caption

Caption Location

CAPTION LOCATION

Top

Bottom ✓

- **You can put it on the Top vs. Bottom.**
- **Next is a sample.**

You see it at the Top.

- **Then click on Theme, as we did in Step 6 and next is to change the caption.**

- **Once you click on Theme, click on Change Fonts again.**

Slideshow Captions

- **You then click on Slideshow Captions and follow the same process in Step 6.**

- **Next is a sample of making changes.**

- **Here is sample of changing Font to Lemon, Italic and change size to 23.**
- **You click on the Image in the slide show and next is Transition Style.**
