The screenshot displays a website builder interface. At the top, a dark navigation bar contains the following elements from left to right: a close icon (X), the Wix logo, a 'Build' dropdown menu, and links for 'Pages', 'Theme', 'Store', 'Apps', 'Settings', 'Help', a desktop icon, 'Upgrade', and a 'Publish' button. Below the navigation bar, the main workspace is titled 'BUILD WEBSITE FREE COURSE'. It features a horizontal navigation menu with 'HOME', 'ABOUT', and 'CONTACT' links. A large blue arrow points downwards from the text 'BUILD WEBSITE FREE COURSE' to a grid of images. The grid consists of three columns and two rows of image placeholders. The first row contains three images: a purple and white flower on a light blue background, a green cactus in an orange pot on a light pink background, and a row of pineapples on a light grey background. The second row contains three more image placeholders: a light grey background, a light blue background with white flowers, and a white background with yellow flowers.
