

Create Slide Show Video and Edit Video Options?

- **You can do it with Movie Maker.**
- **Note – Microsoft no longer supports Movie Maker and you can't download Movie Maker with Windows Essentials. If you have Movie Maker, you can use it, but there may be some problems.**
- **You can do it with a free program called VideoPad.**
- **You can do it with Microsoft PowerPoint that is not free.**
- **Next is more options.**

Create Slide Show Video and Edit Video Options?

- You can do it with a free program called Kingsoft that is similar to PowerPoint.
- You can create a slideshow, but not edit video on a website for free called Weebly.com
- Here is the link to a slide show page with auto music.

- Next is how to learn the other options.

Learn the other Options.

- I use to Teach Movie Maker and Weebly at The Lifelong Learning College, but it is closed.
- I have on-line training for them.
- I also have on-line training for VideoPad.
- To learn more about PowerPoint and Kingsoft there are some tutorials on YouTube.
- If you are interested in the on-line training click [HERE](#) to contact me.
- This is the End of the Options.
